(formerly known as ALD International)
(incorporated in France as a société anonyme)

Euro 6,000,000,000 **Euro Medium Term Note Programme**

This Base Prospectus has been approved by the Luxembourg *Commission de surveillance du secteur financier* (the "CSSF"), which is the Luxembourg competent authority for the purpose of Directive 2003/71/EC, as amended (the "**Prospectus Directive**") and relevant implementing measures in Luxembourg, as a base prospectus issued in compliance with the Prospectus Directive and the *loi relative aux prospectus pour valeurs mobilières du 10 juillet 2005* (the Luxembourg law on prospectus for securities of 10 July 2005), as amended (the "**Prospectus Act 2005**") for the purpose of giving information with regard to the issue of notes (the "**Notes**") issued under the Euro 6,000,000,000 Euro Medium Term Note Programme (the "**Programme**") described in this Base Prospectus during the period of twelve months after the date hereof. The CSSF assumes no responsibility for the economic and financial soundness of the transactions contemplated by this Base Prospectus or the quality or solvency of the Issuer in accordance with Article 7(7) of the Prospectus Act 2005. Application has been made for Notes to be listed during the period of twelve months after the date hereof on the official list of the Luxembourg Stock Exchange and/or admitted to trading on the regulated market of the Luxembourg Stock Exchange. The regulated market of the Luxembourg Stock Exchange is a regulated market for the purposes of the Markets in Financial Instruments Directive, as amended (Directive 2014/65/EU appearing on the list of regulated markets published on the European Securities and Markets Authority website). The Programme also permits Notes to be issued on the basis that they will not be admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system or to be admitted to listing, trading and/or quotation by such other or further competent authorities, stock exchanges and/or quotation systems as may be agreed with the Issuer.

The Issuer is rated BBB by Standard & Poor's Credit Market Services France SAS, a division of S&P Global Inc. ("**S&P**"). The Programme is, as of the date of this Base Prospectus, rated BBB in respect of Notes with a maturity of more than one year and A-2 in respect of Notes with a maturity of one year or less by S&P.

S&P is established in the European Economic Area (the "**EEA**") and registered under Regulation (EC) No 1060/2009, as amended (the "**CRA Regulation**") and it appears on the latest update of the list of registered credit rating agencies on the ESMA website <http://www.esma.europa.eu/supervision/credit-rating-agencies/risk>. Notes issued under the Programme may be rated or unrated. Where an issue of Notes is rated, its rating will not necessarily be the same as the rating applicable to the Programme.

A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency without notice.

Investing in Notes issued under the Programme involves certain risks. The principal risk factors that may affect the abilities of the Issuer to fulfil its obligations under the Notes are discussed under "Risk Factors" below.

IMPORTANT NOTICES

This Base Prospectus comprises a base prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to ALD (formerly known as ALD International) (the "**Issuer**"), the Issuer and its consolidated subsidiaries taken as a whole ("**ALD Automotive**" or the "**Group**") and the Notes which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer and of the rights attached to the Notes.

The Issuer accepts responsibility for the information contained in this Base Prospectus and the Final Terms (as defined below) for each tranche of Notes issued under the Programme and declares that, having taken all reasonable care to ensure that such is the case, the information contained in this Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

Where information has been sourced from a third party, the Issuer confirms that this information has been accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

Each Tranche (as defined herein) of Notes will be issued on the terms set out herein under "*Terms and Conditions of the Notes*" (the "**Conditions**") as completed by a document specific to such Tranche called final terms (the "**Final Terms**"). This Base Prospectus must be read and construed together with any amendments or supplements hereto and with any information incorporated by reference herein and, in relation to any Tranche of Notes, must be read and construed together with the relevant Final Terms.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any dealer named under "*Subscription and Sale*" below (together with any such other dealer(s) appointed from time to time as described thereunder, the "**Dealer(s)**").

No Dealer has independently verified the information contained herein. None of the Dealer(s) nor any of their respective affiliates have authorised the whole or any part of this Base Prospectus and none of them makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true subsequent to the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the prospects or financial or trading position of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Final Terms and the offering, sale and delivery of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Final Terms comes are required by the Issuer and the Dealer(s) to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of Notes and on the distribution of this Base Prospectus or any Final Terms and other offering material relating to the Notes, see "*Subscription and Sale*".

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled "MiFID II Product Governance" which will outline the target market assessment in respect of the Notes and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue about whether, for the purpose of the MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger

nor the Dealer(s) nor any of their respective affiliates will be a manufacturer for the purpose of the MIFID Product Governance Rules.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU ("**MiFID II**"); (ii) a customer within the meaning of Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive. Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

The Notes have not been and will not be registered under the United States Securities Act of 1933 (as amended) (the "**Securities Act**") or with any other securities regulatory authority of any state or other jurisdiction of the United States and are subject to U.S. tax law requirements. The Notes may not be offered, sold or delivered within the United States, or to, or for the account or benefit of, U.S. persons within the meaning of Regulation S under the Securities Act ("**Regulation S**") except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold to non-U.S. persons outside the United States in offshore transactions in reliance on Regulation S. For a description of these and certain further restrictions on offers, sales and transfers of the Notes and distribution of this Base Prospectus, see "*Subscription and Sale*".

Neither this Base Prospectus nor any Final Terms constitutes an offer or an invitation to subscribe for or purchase any Notes and should not be considered as a recommendation by the Issuer, the Dealer(s) or any of them that any recipient of this Base Prospectus or any Final Terms should subscribe for or purchase any Notes. Each recipient of this Base Prospectus or any Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

The maximum aggregate principal amount of Notes outstanding at any one time under the Programme will not exceed EUR 6,000,000,000. The maximum aggregate principal amount of Notes which may be outstanding at any one time under the Programme may be increased from time to time, subject to compliance with the relevant provisions of the Programme Agreement as defined under "*Subscription and Sale*" and the preparation of a supplement in accordance with Article 16 of the Prospectus Directive.

In this Base Prospectus, unless otherwise specified, references to a "**Member State**" are references to a Member State of the EEA, references to "**U.S.\$**", "**U.S. dollars**" or "**dollars**" are to United States dollars, references to "**EUR**", "**Euro**", "**euro**" or "**€**" are to the lawful single currency of the member states of the European Union that have adopted and continue to retain a common single currency through monetary union in accordance with European Union treaty law (as amended from time to time), references to "**£**", "**pounds sterling**" or "**GBP**" are to the lawful currency of the United Kingdom, references to "**¥**", "**JPY**" or "**Japanese Yen**" or "**Yen**" are to the lawful currency of Japan, references to "**Swiss francs**" are to the lawful currency of Switzerland and references to "**Renminbi**", "**RMB**" or "**CNY**" mean Renminbi Yuan and are to the lawful currency of the People's Republic of China ("**PRC**"), excluding the Hong Kong Special Administrative Region, the Macau Special Administrative Region and Taiwan.

Certain figures included in this Base Prospectus have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

Tranches of Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will not necessarily be the same as the rating(s) described above or the rating(s) assigned to Notes already issued. Where a Tranche of Notes is rated, the applicable rating(s) will be specified in the relevant Final Terms. Whether or not each credit rating applied for in relation to a relevant Tranche of Notes will be (1) issued by a credit rating agency ("**CRA**") established in the EEA and registered under the CRA Regulation, or (2) issued by a CRA which is not established in the EEA but will be endorsed by a CRA which is established in the EEA and registered under the CRA Regulation or (3) issued by a credit rating agency which is not established in the EEA but which is certified under the CRA Regulation, will be disclosed in the Final Terms. In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the EEA and registered under the CRA Regulation unless (1) the rating is provided

by a credit rating agency not established in the EEA but is endorsed by a credit rating agency established in the EEA and registered under the CRA Regulation or (2) the rating is provided by a credit rating agency not established in the EEA which is certified under the CRA Regulation.

In connection with the issue of any Tranche of Notes, the Dealer or Dealers (if any) named as the stabilisation manager(s) (the "Stabilisation Manager(s)") (or persons acting on behalf of any Stabilisation Manager(s)) in the applicable Final Terms may over-allot Notes or effect transactions with a view to supporting the market price of the Notes at a level higher than that which might otherwise prevail.

However, stabilisation may not necessarily occur. Any stabilisation action may begin on or after the date on which adequate public disclosure of the terms of the offer of the relevant Tranche of Notes is made and, if begun, may cease at any time, but it must end no later than the earlier of 30 calendar days after the issue date of the relevant Tranche of Notes and 60 calendar days after the date of the allotment of the relevant Tranche of Notes. Any stabilisation action or over-allotment must be conducted by the relevant Stabilisation Manager(s) (or person(s) acting on behalf of any Stabilisation Manager(s)) in accordance with all applicable laws and rules.

RISK FACTORS

Any investment in the Notes is subject to a number of risks. Prior to investing in the Notes, prospective investors should carefully consider risks associated with any investment in the Notes, the business of the Issuer and the industry(ies) in which it operates together with all other information contained in this Base Prospectus, including, in particular the risk factors described below. Words and expressions defined in the "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

Prospective investors should note that the risks relating to the Issuer, the industry(ies) in which it operates and the Notes outlined in the section of this Base Prospectus headed "General Description of the Programme" are the risks that the Issuer believes to be the most relevant to an assessment by a prospective investor of whether to consider an investment in the Notes. However, as the risks which the Issuer faces relate to events and depend on circumstances that may or may not occur in the future, prospective investors should consider not only the information on the key risks outlined in the section of this Base Prospectus headed "General Description of the Programme" but also, among other things, the risks and uncertainties described below.

The following is not an exhaustive list or explanation of all risks which investors may face when making an investment in the Notes and should be used as guidance only. Additional risks and uncertainties relating to the Issuer that are not currently known to the Issuer, or that it currently deems immaterial, may individually or cumulatively also have a material adverse effect on the business, prospects, results of operations and/or financial position of the Issuer and, if any such risk should occur, the price of the Notes may decline and investors could lose all or part of their investment. Investors should consider carefully whether an investment in the Notes is suitable for them in light of the information in this Base Prospectus and their personal circumstances.

The order in which the following risks factors are presented is not an indication of the likelihood of their occurrence.

I. RISKS RELATING TO THE ISSUER AND ITS SUBSIDIARIES

Given the diversity and changes in the Group's activities, its risk management focuses on the following main categories of risks, any of which could adversely affect the Group's performance:

A. Risks related to the Group's industry and business

The Group may suffer from adverse developments in the general economic environment in Europe and the other regions in which it operates.

The Group's broad geographical presence exposes it to significant complexities that increase the risks associated with its business and the Group may incur substantial costs.

The Group may be unable to successfully expand its business in the B2C market

The Group may not successfully integrate recent and future acquisitions

The Group may suffer from adverse developments in the automotive industry, the vehicle leasing and fleet management industry and the other market sectors directly related to its business

The Group may be unable to compete successfully or competition may increase in the businesses in which it operates.

The Group may not be able to dispose of its used vehicles at desirable prices, and it faces risks related to the residual value of its vehicles in connection with such disposals.

The Group's pricing structure and assumptions regarding the future maintenance and repair costs and tyre costs of the vehicles in its fleet over the term of the lease may prove to be inaccurate, which could result in reduced margin or losses.

The Group's business relies on contractual relationships with key customers and partners, including car manufacturers and banks.

The Group relies on third-party suppliers to acquire and service its fleet, and it may suffer from adverse developments affecting any of their businesses or from deterioration in its relationships with any of them.

The Group's vehicles and their components or equipment may become subject to recalls by their manufacturers or by the government, which would negatively impact its business.

The Group may be exposed to environmental risks.

The Group's success is dependent on the expertise and leadership of certain personnel in key positions.

The Group may not be able to recruit and retain qualified and motivated staff.

The Group is dependent on the smooth functioning of its software systems, websites and mobile applications, and on its ability to continue to adapt them to future technological developments.

Any disruption to, or third-party attack on, the Group's information technology systems could adversely impact its business.

B. Financing risks

The Group is exposed to the risk that its customers may default on lease and/or fleet management contracts or that the credit quality of its customers may deteriorate.

The Group is exposed to liquidity risk, which is the risk of not being able to meet cash flow requirements when they fall due and at a reasonable price.

The Group is exposed to exchange rate fluctuations.

A mismatch between the maturities and interest rates applicable to the Group's assets and liabilities could negatively affect the results of its operations.

C. Regulatory, legal and tax risks

The Group's risk management policies and procedures may be ineffective or may fail.

The Group may be adversely affected by the general regulatory environment and its evolution.

The Group may be found to have failed to comply with laws and regulations to which it is subject, including, but not limited to, labour law, consumer protection laws, consumer loan regulations, regulations governing the sale of goods and services, privacy and data protection laws, e-commerce and competition laws, and future regulation may impose additional requirements and other obligations on its business.

Standard clauses used in the Group's leasing contracts and in its contracts with its customers and third-party suppliers and service providers may be invalid, and it thus may not be able to enforce such clauses or the contracts in which such clauses are found.

The Group may be subject to litigation or administrative proceedings that could disrupt and harm its business.

Adverse developments in tax laws and regulations may adversely affect demand for the Group's services and could increase its tax burden.

The Group may be exposed to compliance risk.

The Group may not be able to adequately protect its intellectual property rights or may be accused of infringing the intellectual property rights of third parties.

The Group is exposed to insurance risk.

D. Risks associated with the Group's shareholder structure

Société Générale can continue to exercise significant influence over the Group, and the interests of Société Générale may conflict with the interests of the other shareholders of the Issuer.

E. Other risks

The United Kingdom's impending departure from the European Union could adversely affect the Group.

The United Kingdom held a referendum on 23 June 2016 in which a majority voted to exit the European Union ("**Brexit**") and on 29 March 2017, the government of the United Kingdom invoked Article 50 of the Treaty on the European Union (the "**Lisbon Treaty**") relating to withdrawal. Negotiations have begun to determine the future terms of the United Kingdom's relationship with the European Union, including the terms of trade between the United Kingdom and the European Union. The effects of Brexit will depend on any agreements the United Kingdom makes to retain access to European Union markets either during a transitional period or more permanently. Brexit could adversely affect European or worldwide economic, market conditions and could contribute to instability in global financial and foreign exchange markets, including volatility in the value of the pound sterling or the euro. In addition, Brexit could lead to legal uncertainty and potentially divergent national laws and regulations as the United Kingdom determines which European Union laws to replace or replicate. Any of these effects of Brexit, and any others which the Group cannot anticipate, could adversely affect the Group's business, results of operations, financial condition and cash flows, and could negatively impact the value of the Notes.

For any further information on the risks relating to the Issuer and the Group, investors and/or Noteholders should refer to the "Chapter 4. Risk Factors" section on pages 11-40 of the 2017 Registration Document, which section is incorporated by reference in this Base Prospectus (see section "Information Incorporated by Reference").

II. RISKS RELATING TO THE NOTES

A. General risks relating to the Notes

Set out below is a brief description of certain risks relating to the Notes generally:

Independent Review and Advice

Each prospective investor in the Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

Assessment of Investment Suitability

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable supplement;
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact such investment will have on its overall investment portfolio;
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where principal or interest is payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and

- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear applicable risks.

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with the help of a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio. Some Notes may be redeemable at an amount below par in which case investors may lose the value of part or their entire investment.

Potential Conflicts of Interest

All or some of the Dealers and their affiliates have and/or may in the future engage, in investment banking, commercial banking and other financial advisory and commercial dealings with the Issuer and its affiliates and in relation to securities issued by any entity of the Group. They have or may (i) engage in investment banking, trading or hedging activities including activities that may include prime brokerage business, financing transactions or entry into derivative transactions, (ii) act as underwriters in connection with offering of shares or other securities issued by any entity of the Group or (iii) act as financial advisers to the Issuer or other companies of the Group. In the context of these transactions, certain of such Dealers have or may hold shares or other securities issued by entities of the Group. Where applicable, they have or will receive customary fees and commissions for these transactions.

The Issuer may from time to time be engaged in transactions involving an index or related derivatives which may affect the market price, liquidity or value of the Notes and which could be deemed to be adverse to the interests of the holders of Notes (the "**Noteholders**").

Potential conflicts of interest may arise between the Calculation Agent, if any, for a Tranche of Notes and the Noteholders, including with respect to certain determinations and judgments that such Calculation Agent may make pursuant to the Conditions that may influence the amount receivable upon redemption of the Notes.

Legality of Purchase

Neither the Issuer, the Dealer(s) nor any of their respective affiliates has or assumes responsibility for the lawfulness of the acquisition of the Notes by a prospective investor in the Notes, whether under the laws of the jurisdiction of its incorporation or the jurisdiction in which it operates (if different), or for compliance by that prospective investor with any law, regulation or regulatory policy applicable to it.

Modification

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Notes may be redeemed prior to maturity

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer may, and in certain circumstances must, redeem all outstanding Notes in accordance with the "*Terms and Conditions of the Notes*". An investor might not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised not to rely upon the tax description contained in this Base Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisors

are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in connection with the taxation sections of this Base Prospectus.

No legal and tax advice

Each prospective investor should consult its own advisers as to legal, tax and related aspects investment in the Notes. A Noteholder's effective yield on the Notes may be diminished by the tax on that Noteholder of its investment in the Notes.

A Noteholder's actual yield on the Notes may be reduced from the stated yield by transaction costs.

Financial transaction tax

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common financial transaction tax ("**FTT**") in Austria, Belgium, Estonia, France, Germany, Greece, Italy, Portugal, Slovakia, Slovenia and Spain (the "**Participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and, if introduced in its current form, could apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the Participating Member States. Generally, it would apply to certain dealings in the Notes provided that at least one party to the transaction is established or deemed established in a Participating Member State and that at least one party is a financial institution. A financial institution may be, or be deemed to be, "established" in a Participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a Participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a Participating Member State.

However, the Commission's Proposal remains subject to negotiation between the Participating Member States and its scope is uncertain. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and/or certain Participating Member States may withdraw.

Prospective investors should consult their own tax advisers in relation to the FTT.

Change of law

The Conditions (including any non-contractual obligations arising therefrom or connected therewith) are based on relevant laws in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to such laws, or the official application or interpretation of such laws or administrative practices after the date of this Base Prospectus.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes and/or the Issuer. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above, and other factors that may affect the value of the Notes. A credit rating is not a recommendation to buy, sell or hold securities and may be suspended, revised or withdrawn by the rating agency at any time without notice.

In general, European regulated investors are restricted under Regulation (EC) No 1060/2009 of the European Parliament and of the Council dated 16 September 2009, as amended (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the European Union and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances. Such general restriction will also apply in the case of credit ratings issued by non-European Union credit rating agencies, unless the relevant credit ratings are endorsed by a European Union registered credit rating agency or the relevant non-European Union rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended, subject to transitional provisions that apply in certain circumstances). The list of registered and certified rating agencies published by the European Securities and

Markets Authority (the "ESMA") on its website in accordance with the CRA Regulation is not conclusive evidence of the status of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list.

Any decline in the Issuer's or in the Notes' credit ratings or changes in rating methodologies may affect the market value of the Notes.

The Issuer's credit ratings are assessments made by rating agencies of the Issuer's ability to pay its obligations, including in relation to the Notes. Because many investors look at credit ratings in making their investment decisions, actual or anticipated declines in the Issuer's credit ratings may affect the market value of the Notes. Further, rating agencies may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, there can be no assurance that such ratings will not differ from, or be lower than, the ratings sought by the Issuer.

Notes where denominations involve integral multiples: Definitive Notes

In relation to any issue of Notes in bearer form ("**Bearer Notes**") which have denominations consisting of a minimum Specified Denomination plus one or more higher integral multiples of another smaller amount, it is possible that such Bearer Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination (as defined in the Conditions). In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time will not receive a Bearer Note in definitive form (a "**Definitive Note**") in respect of such holding (should Definitive Notes be printed) and would need to purchase a principal amount of Bearer Notes such that it holds an amount equal to one or more Specified Denomination.

If Definitive Notes are issued, Noteholders should be aware that Definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (i) Notes are legal investments for it, (ii) can be used as collateral for various types of borrowing and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes under any applicable risk-based capital or similar rules.

French Insolvency Law

Under French insolvency law, holders of debt securities in the form of bonds or notes (*obligations*) are automatically grouped into a single assembly of holders (the "**Assembly**") if (i) an accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or an accelerated safeguard procedure (*procédure de sauvegarde accélérée*) is opened in France with respect to the Issuer, or (ii) a safeguard procedure (*procédure de sauvegarde*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer, provided that (y) the Issuer's accounts are certified by statutory auditors or established by a chartered accountant and (z) the Issuer's turnover exceeds EUR 20 million or the Issuer has more than 150 employees (even where such thresholds are not met, the constitution of the Assembly could still be authorised by the supervising judge).

The Assembly comprises holders of all debt securities issued by the Issuer (including the Notes), whether or not under a debt issuance programme (such as a Euro Medium Term Notes programme) and regardless of their governing law or place of issuance.

The Assembly deliberates on the draft safeguard plan (*projet de plan de sauvegarde*), draft accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), draft accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or draft judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree in particular to:

- increase the liabilities (*charges*) of holders of debt securities (including the Noteholders) by rescheduling and/or writing-off debts;

- establish an unequal treatment between holders of debt securities (including the Noteholders) as appropriate under the circumstances; and/or
- decide to convert debt securities (including the Notes) into shares.

Decisions of the Assembly will be taken by a two-third majority, calculated as a proportion of the amount of the debt securities held by the holders casting a vote, notwithstanding any clause to the contrary as provided for in the Conditions of the Notes set out in this Base Prospectus as completed by the applicable Final Terms and irrespective of the governing law thereof. No quorum is required on convocation of the Assembly.

B. Risks related to the structure of a particular issue of Notes

A wide range of Notes may be issued under the Programme. A number of these Notes may have features which present particular risks for potential investors. Set out below is a description of certain such features:

Notes subject to optional redemption by the Issuer

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

Early Redemption and reinvestment risks

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

Interest rate risks

Investment in Fixed Rate Notes involves the risk that subsequent changes in market interest rates may adversely affect the value of Fixed Rate Notes.

As regards Floating Rate Notes, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Conditions provide for frequent interest payment dates, investors are exposed to reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to also issue Fixed Rate Notes may affect the market value and the secondary market (if any) of the Floating Rate Notes (and vice versa).

Fixed/Floating Rate Notes

Fixed/Floating Rate Notes may bear interest at a rate that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate in such circumstances, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate in such circumstances, the fixed rate may be lower than then prevailing rates on its Notes.

Floating Rate Notes with a multiplier

Notes with variable interest rates can be volatile investments. If they are structured to include multipliers their market values may be even more volatile than those for securities that do not include such a feature.

Risk relating to the Benchmark Regulation and to certain benchmark rates that may be administered differently or discontinued in the future, including LIBOR

Rates and indices which are deemed to be "benchmarks" have been the subject of recent international, national and other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently from the past or disappear entirely, or have other consequences that cannot be predicted.

The Benchmark Regulation (EU) 2016/1011 of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds (the "Benchmark Regulation") is one of the key international proposals for reform of benchmarks. The Benchmark Regulation entered into force on 30 June 2016, with the majority of its provisions applying from 1 January 2018. The purpose of the Benchmark Regulation is to regulate the risk of manipulating the value of indices and to reduce the risk of conflicts of interests arising. It aims at improving the quality (integrity and accuracy) of the input data and the transparency of the methodologies used by administrators and at improving governance and controls of both benchmark administrators' and contributors' activities. The scope of the Benchmark Regulation is wide and is expected to apply, inter alia, to so-called "critical benchmark" indices (which are expected to include indices such as EURIBOR and LIBOR), which can be used as one of the Reference Rates under the Notes. The Benchmark Regulation could have a material impact on the Notes, in particular, if the methodology or other terms of a benchmark are changed in order to comply with the requirements of the Benchmark Regulation. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of a benchmark. In addition, the Benchmark Regulation stipulates that each administrator of a benchmark regulated thereunder must be licensed by the competent authority of the member state where such administrator is located. It cannot be ruled out that administrators of certain benchmarks will fail to obtain a necessary licence, preventing them from continuing to provide such benchmarks. Other administrators may also cease the provision of certain benchmarks such as LIBOR because of the additional costs of compliance with the Benchmark Regulation and other applicable regulations.

Furthermore, LIBOR is the subject of ongoing regulatory reforms. Following the implementation of any of these reforms, the manner of administration of LIBOR may change, with the result that it may perform differently than in the past or be eliminated entirely, or there could be other consequences that cannot be predicted. For example, on 27 July 2017, the UK Financial Conduct Authority announced that it will no longer persuade or compel banks to submit rates for the calculation of the LIBOR benchmark after 2021 (the "FCA Announcement"). The FCA Announcement indicates that the continuation of LIBOR on the current basis cannot and will not be guaranteed after 2021. At this time, it is not possible to predict the effect of any establishment of alternative reference rates or any other reforms to LIBOR that may be enacted in the UK or elsewhere. Uncertainty as to the nature of such alternative reference rates or other reforms may adversely affect the trading market for the Notes. The potential elimination of LIBOR as a benchmark, the establishment of alternative reference rates or changes in the manner of administration of LIBOR as a benchmark could also require adjustments to the terms of the Notes and may result in other consequences, such as interest payments that are lower than, or that do not otherwise correlate over time with, the payments that would have been made on those securities if LIBOR as benchmark was available in its current form.

Any of the above changes or any other consequential changes to benchmarks as a result of European Union, UK, or other international, national, or other proposals for reform or other initiatives or investigations, or any further uncertainty in relation to the timing and manner of implementation of such changes could have a material adverse effect on the trading market for, value of and return on the Notes.

If the relevant Reference Rate has been discontinued or an Administrator/Benchmark Event (as further described in Conditions 6 (c)(v)) has occurred, the Rate of Interest on the affected Floating Rate Notes will be changed in ways that may be adverse to holders of such Floating Rate Notes, without any requirement that the consent of such holders be obtained

Pursuant to the terms and conditions of any applicable Floating Rate Notes, if the Issuer in consultation with the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, at any time that the screen rate that constitutes the Reference Rate for such Notes has been discontinued, or the relevant Benchmark is materially modified, permanently discontinued or prohibited, or, in certain circumstances as more fully described in the Conditions of the Notes, the Benchmark or the sponsor thereof is not approved under applicable law or rejected, withdrawn or suspended by the relevant regulator, then the Issuer will be required to appoint a Reference Rate Determination Agent (which may be (i) a leading bank or a broker-dealer in the Principal Financial Centre of the Specified Currency (which may include one of the Dealers involved in the issue of the Notes), (ii) an independent financial adviser, (iii) an affiliate of the Issuer and/or (iv) the Calculation Agent) who will determine a Replacement Reference Rate, acting in good faith and in a commercially reasonable manner, as well as any necessary concomitant changes to the Business Day Convention, the definition of Business Day, the Interest

Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Reference Rate, including any changes or adjustments necessary to make such Replacement Reference Rate as comparable as possible to the previous Reference Rate. Such Replacement Reference Rate and any such other changes will (in the absence of manifest error) be final and binding on the Noteholders, the Issuer, the Calculation Agent, the Fiscal Agent and any other person and each Noteholder shall be deemed to have accepted the Replacement Reference Rate and such related changes and adjustments which will thenceforth apply to the relevant Floating Rate Notes.

The Replacement Reference Rate may have no or a very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor rates and the involvement of a Reference Rate Determination Agent, the relevant fallback provisions may not operate as intended at the relevant time and the replacement rate may perform differently from the discontinued Benchmark.

There can be no assurance that any change or adjustment applied to any Series of Floating Rate Notes will adequately compensate for this impact. Any such adjustment could have unexpected commercial consequences and there can be no assurance that, due to the particular circumstances of each Noteholder, any such adjustment will be favorable to each Noteholder. This could in turn impact the Rate of Interest on, and trading value of, the affected Floating Rate Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the Reference Rate may find their hedges to be ineffective, and they may incur costs in unwinding such hedges and replacing them with instruments tied to the Replacement Reference Rate.

If the Reference Rate Determination Agent is unable to determine an appropriate Replacement Reference Rate for any Reference Rate on or prior to the next following Interest Determination Date, then the provisions for the determination of the Rate of Interest on the affected Floating Rate Notes will not be changed. In such cases, the Conditions of the Notes provide that the Rate of Interest on such Notes will be calculated based on the last Reference Rate observable on the Relevant Screen Page as determined by the Calculation Agent, effectively converting such Notes into Fixed Rate Notes. In such circumstances and a rising interest rate environment, holders of such Notes will, consequently, not benefit from any increase in rates. The trading value of such Notes could therefore be adversely affected.

Notes issued at a substantial discount or premium

The market values of securities issued at a substantial discount or premium to their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

Zero Coupon Notes

The prices at which Zero Coupon Notes, as well as other Notes issued at a substantial discount from their principal amount payable at maturity, trade in the secondary market tend to fluctuate more in relation to general changes in interest rates than do the prices for conventional interest-bearing securities of comparable maturities.

The Notes contain limited events of default

The holder of any Note may only give notice that such Note is immediately due and repayable in a limited number of events. Such events of default do not include, for example, a cross-default of the Issuer's other debt obligations.

Risks relating to Renminbi-denominated Notes

Notes denominated in Renminbi ("**Renminbi Notes**") may be issued under the Programme. Renminbi Notes contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

On the other hand, remittance of Renminbi by foreign investors into the PRC for the settlement of capital account items, such as capital contributions, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into the PRC for settlement of capital account items are being developed.

Although the Renminbi was added to the Special Drawing Rights basket created by the International Monetary Fund with effect from 1 October 2016, there is no assurance that the PRC Government will continue to gradually liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. In the event that funds cannot be repatriated out of the PRC in Renminbi, this may affect the overall availability of Renminbi outside the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Notes denominated in Renminbi.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited. While the People's Bank of China ("**PBoC**") has entered into agreements on the clearing of Renminbi business with financial institutions in a number of financial centres and cities (the "**Renminbi Clearing Banks**"), including but not limited to Hong Kong and are in the process of establishing Renminbi clearing and settlement mechanisms in several other jurisdictions (the "**Settlement Arrangements**"), the current size of Renminbi denominated financial assets outside the PRC is limited.

There are restrictions imposed by PBoC on Renminbi business participating banks in respect of cross-border Renminbi settlement, such as those relating to direct transactions with PRC enterprises. Furthermore, Renminbi business participating banks do not have direct Renminbi liquidity support from PBoC. The Renminbi Clearing Banks only have access to onshore liquidity support from PBoC for the purpose of squaring open positions of participating banks for limited types of transactions and are not obliged to square for participating banks any open positions resulting from other foreign exchange transactions or conversion services. In such cases, the participating banks will need to source Renminbi from outside the PRC to square such open positions.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. There is no assurance that new PRC regulations will not be promulgated or the Settlement Arrangements will not be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, there is no assurance that the Issuer will be able to source such Renminbi on satisfactory terms, if at all.

Renminbi Notes issued under the Programme may only be held in Euroclear France, Euroclear and Clearstream,

Noteholders may only hold Renminbi Notes if they have an account with Euroclear France or maintained with an Account Holder which itself has an account with Euroclear France (which include Euroclear and Clearstream,).

Investment in Renminbi Notes is subject to exchange rate risks

The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. Recently, PBoC implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes before announcing such daily mid-point. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. All payments of interest and principal will be made in Renminbi with respect to Renminbi Notes unless otherwise specified. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in Renminbi Notes is also subject to interest rate risks

The PRC Government has gradually liberalised its regulation of interest rates in recent years. Further liberalisation may increase interest rate volatility. In addition, the interest rate for Renminbi in markets outside the PRC may significantly deviate from the interest rate for Renminbi in the PRC as a result of foreign exchange controls imposed by PRC law and regulations and prevailing market conditions.

As Renminbi Notes may carry a fixed interest rate, the trading price of the Renminbi Notes will consequently vary with the fluctuations in the Renminbi interest rates. If holders of the Renminbi Notes propose to sell their Renminbi Notes before their maturity, they may receive an offer lower than the amount they have invested.

Investment in Renminbi Notes is subject to currency risks

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be. In addition, the investment in Renminbi Notes may be subject to currency risks, as the U.S./RMB exchange rate fluctuates.

Development in other markets may adversely affect the market price of any Renminbi Notes

The market price of Renminbi Notes may be adversely affected by declines in the international financial markets and world economic conditions. The market for Renminbi denominated securities is, to varying degrees, influenced by economic and market conditions in other markets, especially those in Asia. Although economic conditions are different in each country, investors' reactions to developments in one country can affect the securities markets and the securities of issuers in other countries, including the PRC. Since the sub-prime mortgage crisis in 2008, the international financial markets have experienced significant volatility. Should similar developments occur in the international financial markets in the future, the market price of Renminbi Notes could be adversely affected.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely by transfer to a Renminbi bank account maintained in Hong Kong in accordance with the prevailing rules and regulations for such transfer and in accordance with the Conditions of the Renminbi Notes. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). For persons holding Renminbi Notes through Euroclear France, Euroclear or Clearstream payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream as applicable.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders may be subject to PRC enterprise income tax ("EIT") or PRC individual income tax ("IIT") if such gain is regarded as income derived from sources within the PRC. The *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the gains derived by such non-PRC resident enterprise holder from the transfer of Renminbi Notes but its implementation rules have reduced the enterprise income tax rate to 10 per cent. if such gains are regarded as income derived from sources within the PRC. The *PRC Individual Income Tax Law* levies IIT at a rate of 20 per cent. of the gains derived by such non-PRC resident individual holder from the transfer of Renminbi Notes if such gain is regarded as income derived from sources within the PRC.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and become subject to the EIT or IIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law*, the *PRC Individual Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT or IIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if non-PRC enterprise or individual resident holders are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise or individual resident holders of Renminbi Notes reside that reduces or exempts the relevant EIT or IIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

Risks relating to " Positive Impact Notes"

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply an amount equal to the net proceeds of the issue of those Notes into assets as defined in the Positive Impact note framework (the "**Positive Impact Note Framework**") (such Notes being "**Positive Impact Notes**"), such Positive Impact Note Framework, being published on the website of the Issuer for an issue of Positive Impact Notes, as specified in the relevant Final Terms and as amended and supplemented from time to time.

Prospective investors should have regard to the information set out in the relevant Final Terms regarding such use of proceeds and must determine for themselves the relevance of such information for the purpose of any investment in such Positive Impact Notes together with any other investigation such investor deems necessary. In particular, no assurance is given by the Issuer or the Dealers that the use of such proceeds for any asset will satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by any present or future applicable law or regulations or by the Issuer's own by-laws or other governing rules or investment portfolio mandates, in particular with regard to any direct or indirect environmental impact of any projects or uses related to any asset. Furthermore, it should be noted that there is currently no clearly defined definition (legal, regulatory or otherwise) of, nor market consensus as to what constitutes, a "Positive Impact", "green" or an equivalently-labelled asset. In addition the requirements of any such label may evolve from time to time, accordingly, no assurance is or can be given to investors that any asset or use(s) the subject of, or related to, any asset will meet any or all investor expectations regarding such "Positive Impact", "green" or other equivalently-labelled performance objectives.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion or certification of any third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Positive Impact Notes and in particular with any asset, to fulfill any environmental and/or other criteria. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer or any other person to buy, sell or hold any such Positive Impact Notes.

While it is the intention of the Issuer to apply the proceeds of any Positive Impact Notes so specified for the relevant asset, in, or substantially in, the manner described in the relevant Final Terms, there can be no assurance that the relevant asset or use(s) the subject of, or related to, any asset, will be capable of being implemented in or substantially in such manner and/or accordance with any timing schedule and that accordingly such proceeds will be totally or partially disbursed for such asset. Nor can there be any assurance that such asset will be completed within any specified period or at all or with the results or outcome as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not constitute an Event of Default under the Positive Impact Notes.

Any such event or failure to apply the proceeds of any issue of Positive Impact Notes for any asset as aforesaid and/or withdrawal of any such opinion or certification or any such opinion or certification attesting that the Issuer is not complying in whole or in part with any matters for which such opinion or certification is opining or certifying on may have a material adverse effect on the value and marketability of such Positive Impact Notes and also potentially the value of any other Positive Impact Notes and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. For the avoidance of doubt, it is however specified that payments of principal and interest (as the case may be) on the Positive Impact Notes shall not depend on the performance of the relevant asset.

No Dealer makes any representation as to the suitability of the Positive Impact Notes to fulfil the environmental criteria required by prospective investors. The Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether the Positive Impact Notes meet the eligibility

criteria, or the monitoring of the use of proceeds. Investors should refer to the Issuer's website and/or any third-party opinion.

C. Risks related to the market generally

Market value of the Notes

The credit ratings of the Issuer are an assessment of its ability to pay its obligations, including those on the offered Notes. Consequently, actual or anticipated downgrades in the credit ratings of the Issuer may affect the market value of the relevant Notes.

In addition, the market value of the Notes will be affected by the creditworthiness of the Issuer and/or that of ALD Automotive and a number of additional factors, including the market interest and yield rates and the time remaining to the maturity date.

The value of the Notes depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder will be able to sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

The secondary market generally

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

In addition, Noteholders should be aware of the prevailing and widely reported global credit market conditions (which continue at the date of this Base Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to certain of the Notes which may be issued hereunder. Such lack of liquidity may result in investors suffering losses on the Notes in secondary resales even if there is no decline in the performance of the Notes. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and instruments similar to the Notes at that time.

Although applications have been made for the Notes issued under the Programme to be listed on the official list of the Luxembourg Stock Exchange and/or admitted to trading on the regulated market of the Luxembourg Stock Exchange, there is no assurance that such application will be accepted, that any particular Tranche of Notes will be so listed and/or admitted or that an active trading market will develop.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Temporary Global Notes will be exchangeable either for (a) interests in a Permanent Global Note or (b) for Bearer Notes in definitive form ("**Definitive Notes**"), as indicated in the applicable Final Terms. FORMS OF THE NOTES

Each Tranche of Notes will initially be in the form of either a temporary global note (the "**Temporary Global Note**"), without interest coupons, or a permanent global note (the "**Permanent Global Note**"), without interest coupons, in each case as specified in the relevant Final Terms. Each Temporary Global Note or, as the case may be, Permanent Global Note (each a "**Global Note**") which is not intended to be issued in new global note ("**NGN**") form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a depository or a common depository for Euroclear Bank S.A./N.V. ("**Euroclear**") and/or Clearstream Banking, S.A. ("**Clearstream**") and/or any other relevant clearing system and each Global Note which is intended to be issued in NGN form, as specified in the relevant Final Terms, will be deposited on or around the issue date of the relevant Tranche of the Notes with a common safekeeper for Euroclear and/or Clearstream. Each of the persons shown in the records of Euroclear and/or Clearstream and/or any other relevant clearing system as being entitled to an interest in a Global Note (each an "Accountholder") must look solely to Euroclear and/or Clearstream and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the bearer of such Global Note and in relation to all other rights arising under the Global Note. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note will be determined by the respective rules and procedures of Euroclear and Clearstream and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by the Global Note, Accountholders shall have no claim directly against the Issuer in respect of payments due under the Notes and such obligations of the Issuer will be discharged by payment to the bearer of the Global Note.

Each Global Note will be in bearer form. Consequently, in relation to any Tranche of Notes represented by a Global Note, references in the Terms and Conditions of the Notes to "**Noteholder**" are references to the bearer of the relevant Global Note which, for so long as the Global Note is held by a depository or a common depository, in the case of a CGN, or a common safekeeper, in the case of an NGN for Euroclear and/or Clearstream and/or any other relevant clearing system, will be that depository or common depository or, as the case may be, common safekeeper.

The relevant Final Terms will specify whether United States Treasury Regulation §1.163-5(c)(2)(i)(C) or any successor regulation issued under Code section 4701(b) that contains rules substantially identical to the rules that currently apply under Code section 163(F)(2)(B) (the "**TEFRA C Rules**") or United States Treasury Regulation §1.1635(c)(2)(i)(D) or any successor regulation issued under Code section 4701(b) that contains rules substantially identical to the rules that currently apply under Code section 163(F)(2)(B) (the "**TEFRA D Rules**") are applicable in relation to the Notes or, if the Notes do not have a maturity of more than 365 days, that neither the TEFRA C Rules nor the TEFRA D Rules are applicable.

Temporary Global Note exchangeable for Permanent Global Notes

If the relevant Final Terms specify the form of Notes as being "Temporary Global Note exchangeable for a Permanent Global Note", then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, free of charge, for interests in a Permanent Global Note, without interest coupons, not earlier than 40 calendar days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. No payments will be made under the Temporary Global Note unless exchange for interests in the Permanent Global Note is improperly withheld or refused. In addition, interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever any interest in the Temporary Global Note is to be exchanged for an interest in a Permanent Global Note, the Issuer shall procure (in the case of first exchange) the delivery of a Permanent Global Note to the bearer of the Temporary Global Note or (in the case of any subsequent exchange) an increase in the principal amount of the Permanent Global Note in accordance with its terms against:

- (i) presentation and (in the case of final exchange surrender of the Temporary Global Note to or to the order of the Fiscal Agent; and
- (ii) receipt by the Fiscal Agent of a certificate or certificates of non-U.S. beneficial ownership.

The principal amount of Notes represented by the Permanent Global Note shall be equal to the aggregate of the principal amounts specified in the certificates of non-U.S. beneficial ownership provided, however, that in no circumstances shall the principal amount of Notes represented by the Permanent Global Note exceed the initial principal amount of Notes represented by the Temporary Global Note.

If the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer of the Temporary Global Note in accordance with the terms of the Temporary Global Note on the due date for payment, then the Temporary Global Note (including the obligation to deliver a Permanent Global Note) will become void at 8.00 p.m. (Paris time) on such due date and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Temporary Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA C Rules are applicable or that neither the TEFRA C Rules or the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Notes in definitive form ("**Definitive Notes**") not earlier than 40 calendar days after the issue date of the relevant Tranche of the Notes.

If the relevant Final Terms specifies the form of Notes as being "Temporary Global Note exchangeable for Definitive Notes" and also specifies that the TEFRA D Rules are applicable, then the Notes will initially be in the form of a Temporary Global Note which will be exchangeable, in whole or in part, for Definitive Notes not earlier than 40 calendar days after the issue date of the relevant Tranche of the Notes upon certification as to non-U.S. beneficial ownership. Interest payments in respect of the Notes cannot be collected without such certification of non-U.S. beneficial ownership.

Whenever the Temporary Global Note is to be exchanged for Definitive Notes, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and Talons attached (if so specified in the relevant Final Terms), in an aggregate principal amount equal to the principal amount of the Temporary Global Note to the bearer of the Temporary Global Note against the surrender of the Temporary Global Note to or to the order of the Fiscal Agent.

If the Temporary Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Temporary Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Temporary Global Note on the due date for payment, then the Temporary Global Note (including the obligation to deliver Definitive Notes) will become void at 8.00 p.m. (Paris time) on such due date and the bearer of the Temporary Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Temporary Global Note or others may have under the Deed of Covenant).

Permanent Global Note exchangeable for Definitive Notes

If the relevant Final Terms specifies the form of Notes as being "Permanent Global Note exchangeable for Definitive Notes", then the Notes will initially be in the form of a Permanent Global Note which will be exchangeable in whole, but not in part, for Definitive Notes:

- (a) on the expiry of such period of notice as may be specified in the relevant Final Terms and subject to any applicable notice requirements set out in the Permanent Global Note ; or
- (b) if the relevant Final Terms specifies "in the limited circumstances described in the Permanent Global Note", then only if any of the following events occurs:
 - (i) Euroclear or Clearstream or any other relevant clearing system is closed for business for a continuous period of 14 days (other than by reason of legal holidays) or announces an intention permanently to cease business; or
 - (ii) any of the circumstances described in Condition 11 (*Events of Default*) occurs and is continuing.

Whenever the Permanent Global Note is to be exchanged for Definitive Notes in accordance with the terms and conditions of such Permanent Global Note, the Issuer shall procure the delivery (free of charge to the bearer) of such Definitive Notes, duly authenticated and with Coupons and/or Talons attached (if so specified in the Final Terms), in an aggregate principal amount equal to the principal amount of Notes represented by the Permanent

Global Note to the bearer of the Permanent Global Note against the surrender of the Permanent Global Note to or to the order of the Fiscal Agent within 30 days of the bearer requesting such exchange.

If the Permanent Global Note (or any part thereof) has become due and payable in accordance with the Terms and Conditions of the Notes or the date for final redemption of the Permanent Global Note has occurred and, in either case, payment in full of the amount of principal falling due with all accrued interest thereon has not been made to the bearer in accordance with the terms of the Permanent Global Note within 15 days commencing on the relevant due date for payment, then the Permanent Global Note (including the obligation to deliver Definitive Notes) will become void at 8.00 p.m. (Paris time) on such 45th day (in the case of (a) above) or at 8.00 p.m. (Paris time) on such due date (in the case of (b) above) and the bearer of the Permanent Global Note will have no further rights thereunder (but without prejudice to the rights which the bearer of the Permanent Global Note or others may have under the Deed of Covenant).

Rights under Deed of Covenant

Under the Deed of Covenant, persons shown in the records of Euroclear and/or Clearstream and/or any other relevant clearing system as being entitled to an interest in a Temporary Global Note or a Permanent Global Note which becomes void will acquire directly against the Issuer all those rights to which they would have been entitled if, immediately before the Temporary Global Note or Permanent Global Note became void, they had been the holders of Definitive Notes in an aggregate principal amount equal to the principal amount of Notes they were shown as holding in the records of Euroclear and/or Clearstream and/or any other relevant clearing system.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Definitive Note will be endorsed on that Note and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Final Terms which complete those terms and conditions.

The terms and conditions applicable to any Note in global form will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Outline of Supplemental Conditions applicable to Global Notes*" below.

Legend concerning United States persons

In the case of any Tranche of Bearer Notes having a maturity of more than 365 days, the Notes in global form, the Notes in definitive form and any Coupons and Talons appertaining thereto will bear a legend to the following effect:

"Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code."

Outline of Supplemental Conditions applicable to Global Notes

Each Global Note will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note. The following is an outline of certain of those provisions:

Payments: All payments in respect of the Global Note will be made against presentation and (in the case of payment of principal in full with all interest accrued thereon) surrender of the Global Note to or to the order of any Paying Agent and will be effective to satisfy and discharge the corresponding liabilities of the Issuer in respect of the Notes. On each occasion on which a payment of principal or interest is made in respect of the Global Note, the Issuer shall procure that in respect of a CGN the payment is noted in a schedule thereto and in respect of an NGN the payment is entered pro rata in the records of Euroclear and Clearstream.

Payment Business Day: In the case of a Global Note, shall be: if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Exercise of put option: In order to exercise the option contained in Condition 8(h) (*Redemption at the option of Noteholders*) the bearer of the Permanent Global Note must, within the period specified in the Conditions or the

Final Terms, as applicable, for the deposit of the relevant Note and put notice, give written notice of such exercise to the Fiscal Agent specifying the principal amount of Notes in respect of which such option is being exercised. Any such notice will be irrevocable and may not be withdrawn.

FORM OF FINAL TERMS

[MIFID II product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018, has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer[']s target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer[']s target market assessment) and determining appropriate distribution channels.]

[PROHIBITION OF SALES TO EEA RETAIL INVESTORS – The Notes are not intended, to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU (as amended, "**MiFID II**") / MiFID II]; (ii) a customer within the meaning of Directive 2002/92/EC, as amended, where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Directive (as defined below). Consequently, no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.]

In the case of a Series of Notes with more than one Specified Denomination, Notes of one Specified Denomination will not be exchangeable for Notes of another Specified Denomination. Title to the Notes and the Coupons will pass by delivery. The holder of any Note or Coupon shall (except as otherwise required by law) be treated as its absolute owner for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing thereon or any notice of any previous loss or theft thereof) and no Person shall be liable for so treating such holder. No person shall have any right to enforce any term or condition of any Note under the Contracts (Rights of Third Parties) Act 1999.

For the avoidance of doubt, the minimum Specified Denomination of Notes admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area will be Euro 100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency).

4. **STATUS**

The Notes are direct, unconditional, unsecured and unsubordinated obligations of the Issuer and rank *pari passu* with all other present and future direct, unconditional, unsecured and unsubordinated obligations of the Issuer (except any such obligations as are preferred by law) and *pari passu* and rateably without any preference or priority among themselves.

5. **FIXED RATE NOTE PROVISIONS**

- (a) *Application:* This Condition 5 (*Fixed Rate Note Provisions*) is applicable to the Notes only if the Fixed Rate Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 5 (*Fixed Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

- (c) *Fixed Coupon Amount:* The amount of interest payable in respect of each Note for any Interest Period shall be the relevant Fixed Coupon Amount and, if the Notes are in more than one Specified Denomination, shall be the relevant Fixed Coupon Amount in respect of the relevant Specified Denomination.
- (d) *Calculation of interest amount:* The amount of interest payable in respect of each Note for any period for which a Fixed Coupon Amount is not specified shall be calculated by applying the Rate of Interest to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount. For this purpose a "sub-unit" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. If the amount of interest payable for any period would otherwise be an amount less than zero, such amount shall be deemed to be zero.
- (e) *RMB Notes:* Notwithstanding the foregoing, Notes denominated in RMB (the "**RMB Notes**") which are Fixed Rate Notes bear interest from (and including) the Interest Commencement Date at the rate per annum equal to the Rate of Interest. For the purposes of calculating the amount of interest, if any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would thereby fall into the next calendar month in which case it shall be brought forward to the immediately preceding Business Day. Interest will be payable in arrear on each Interest Payment Date. The Calculation Agent will, as soon as practicable after 11.00 a.m. (Hong Kong time) on each Interest Determination Date, calculate the amount of interest payable per Specified Denomination, or if different, the Calculation Amount, for the relevant Interest Period. The determination of the amount of interest payable per Specified Denomination, or if different, the Calculation Amount, by the Calculation Agent shall (in the absence of manifest error and after confirmation by the Issuer) be final and binding upon all parties. The Calculation Agent will cause the amount of interest payable per Specified Denomination, or if different, the Calculation Amount, for each Interest Period and the relevant Interest Payment Date to be notified to each of the Paying Agents and to be notified to Noteholders as soon as possible after their determination but in no event later than the fourth Business Day thereafter. The amount of interest payable per Specified Denomination, or if different, the Calculation Amount, and Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 9 (*Payments*), the accrued interest per Specified Denomination, or if different, the Calculation Amount, shall nevertheless continue to be calculated as previously by the Calculation Agent in accordance with this provision but no publication of the amount of interest payable per Specified Denomination, or if different, the Calculation Amount, so calculated need be made. Interest shall be calculated in respect of any period by applying the Rate of Interest to the Specified Denomination, or if different, the Calculation Amount, and multiplying such product by the actual number of days in the relevant Interest Period or, as applicable, other period concerned and dividing it by 365, and rounding the resultant figure to the nearest Renminbi sub-unit, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention.
- (f) *Fixed/Floating Rate Notes:* Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate at the date set out in the Final Terms.

6. FLOATING RATE NOTE PROVISIONS

- (a) *Application:* This Condition 6 (*Floating Rate Note Provisions*) is applicable to the Notes only if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable.

(b) *Accrual of interest:* The Notes bear interest from the Interest Commencement Date at the Rate of Interest payable in arrear on each Interest Payment Date, subject as provided in Condition 9 (*Payments*). Each Note will cease to bear interest from the due date for final redemption unless, upon due presentation, payment of the Redemption Amount is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition 6 (*Floating Rate Note Provisions*) (as well after as before judgment) until whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(c) *Screen Rate Determination:* If Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be determined by the Calculation Agent on the following basis:

(i) if the Reference Rate is a composite quotation or customarily supplied by one entity, the Calculation Agent will determine the Reference Rate which appears on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(ii) in any other case, the Calculation Agent will determine the arithmetic mean of the Reference Rates which appear on the Relevant Screen Page as of the Relevant Time on the relevant Interest Determination Date;

(iii) if, in the case of (i) above, such rate does not appear on that page or, in the case of (ii) above, fewer than two such rates appear on that page or if, in either case, the Relevant Screen Page is unavailable, the Calculation Agent will:

(A) request the principal Relevant Financial Centre office of each of the Reference Banks to provide a quotation of the Reference Rate at approximately the Relevant Time on the Interest Determination Date to prime banks in the Relevant Financial Centre interbank market in an amount that is representative for a single transaction in that market at that time; and

(B) determine the arithmetic mean of such quotations; and

(iv) if fewer than two such quotations are provided as requested, the Calculation Agent will determine the arithmetic mean of the rates (being the nearest to the Reference Rate, as determined by the Calculation Agent) quoted by major banks in the Principal Financial Centre of the Specified Currency, selected by the Calculation Agent, at approximately 11.00 a.m. (local time in the Principal Financial Centre of the Specified Currency) on the first day of the relevant Interest Period for loans in the Specified Currency to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

and the Rate of Interest for such Interest Period shall be the rate or (as the case may be) the arithmetic mean so determined plus or minus (as specified in the relevant Final Terms) the Margin (if any); **provided, however, that** if the Calculation Agent is unable to determine a rate or (as the case may be) an arithmetic mean in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the Notes during such Interest Period will be the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period plus or minus (as specified in the relevant Final Terms) the Margin (if any).

(v) Notwithstanding Condition 6(c)(iv) above, if, at any time prior to or on any Interest Determination Date, the Issuer in consultation with the Calculation Agent determines, acting in good faith and in a commercially reasonable manner, that the screen rate that constitutes the relevant Reference Rate has been discontinued or that an Administrator/Benchmark Event has occurred:

- (a) the Issuer will as soon as reasonably practicable (and in any event prior to the next following Interest Determination Date (up until which time Condition 6(c)(iv) above will continue to apply)) appoint an agent (the “**Reference Rate Determination Agent**”) that shall determine, acting in good faith and in a commercially reasonable manner whether, for the purposes of determining the Reference Rate on each following Interest Determination Date, a substitute or successor rate is available, being a rate that is most comparable to the Reference Rate. If the Reference Rate Determination Agent determines that there is an industry-accepted substitute or successor rate, the Reference Rate Determination Agent will use such substitute or successor rate to determine the Reference Rate (such rate, the “**Replacement Reference Rate**”). The Reference Rate Determination Agent may be (i) a leading bank or a broker-dealer in the Principal Financial Centre of the Specified Currency (which may include one of the Dealers involved in the issue of the Notes), (ii) an independent financial adviser, (iii) an affiliate of the Issuer and/or (iv) the Calculation Agent;
- (b) if the Reference Rate Determination Agent has determined a Replacement Reference Rate in accordance with the foregoing, the Reference Rate Determination Agent will also determine concomitant changes (if any) to the Business Day Convention, the definition of Business Day, the Interest Determination Date, the Day Count Fraction, and any method for obtaining the Replacement Reference Rate, and such other changes or adjustments necessary to make such Replacement Reference Rate as comparable as possible to the Reference Rate, in each case in a manner that is consistent with industry-accepted practices for such Replacement Reference Rate and such guidance promulgated by associations involved in the establishment of market standards and/or protocols in the international financial and/or debt capital markets as the Reference Rate Determination Agent may consider relevant for such Replacement Reference Rate;
- (c) references to the “Reference Rate” in these Conditions will thenceforth be deemed to be references to the Replacement Reference Rate, including any concomitant changes and adjustments determined in accordance with paragraph (b) above. The determination of the Replacement Reference Rate and such concomitant changes and adjustments by the Reference Rate Determination Agent will (in the absence of manifest error) be final and binding on the Issuer, the Calculation Agent, the Fiscal Agent, the Noteholders and any other person and each Noteholder shall be deemed to have accepted the Replacement Reference Rate and such related changes and adjustments pursuant to this Condition 6(c)(v); and
- (d) as soon as reasonably practicable, the Reference Rate Determination Agent will notify the Issuer of the foregoing and the Issuer will give notice to the Noteholders (in accordance with Condition 17 (*Notices*))) and the Fiscal Agent specifying the Replacement Reference Rate, as well as the concomitant changes and adjustments determined in accordance with paragraph (b) above.

If the Reference Rate Determination Agent has determined that the relevant Reference Rate has been discontinued and/or an Administrator/Benchmark Event has occurred, and for any reason a Replacement Reference Rate has not been or cannot be determined on or prior to the next following Interest Determination Date, then no Replacement Reference Rate will be adopted, and in such case, the Rate of Interest applicable to the Notes will be the rate or (as the case may be) the arithmetic mean last determined in relation to the Notes in respect of a preceding Interest Period plus or minus (as specified in the relevant Final Terms) the Margin (if any).

Where:

“**Administrator/Benchmark Event**” means, in relation to any Notes and a Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event.

“**Benchmark Modification or Cessation Event**” means, in respect of any Notes and a Benchmark:

- (a) any material changes in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;

in each case, as required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes. For the avoidance of doubt, a Non-Approval Event shall not occur if, notwithstanding that the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended, at the time of such suspension the continued provision and use of the Benchmark is nevertheless permitted in respect of the Notes under applicable law or regulation during the period of such suspension.

“**Rejection Event**” means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Notes, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

“**Suspension/Withdrawal Event**” means, in respect of the Benchmark:

- (x) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes; or

- (y) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for any of the Issuer, the Calculation Agent or any other entity to perform its obligations in respect of the Notes.

For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Notes under applicable law or regulation during the period of such suspension or withdrawal.

- (d) *ISDA Determination:* If ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate(s) of Interest is/are to be determined, the Rate of Interest applicable to the Notes for each Interest Period will be the relevant ISDA Rate plus or minus (as specified in the relevant Final Terms) the Margin (if any) where "ISDA Rate" in relation to any Interest Period means a rate equal to the Floating Rate (as defined in the ISDA Definitions) that would be determined by the Calculation Agent under an interest rate swap transaction if the Calculation Agent were acting as Calculation Agent for that interest rate swap transaction under the terms of an agreement incorporating the ISDA Definitions and under which:
 - (i) the Floating Rate Option (as defined in the ISDA Definitions) is as specified in the relevant Final Terms;
 - (ii) the Designated Maturity (as defined in the ISDA Definitions) is a period specified in the relevant Final Terms; and
 - (iii) the relevant Reset Date (as defined in the ISDA Definitions) is either (A) if the relevant Floating Rate Option is based on the London inter-bank offered rate (LIBOR) for a currency, the first day of that Interest Period or (B) in any other case, as specified in the relevant Final Terms.
- (e) *Linear Interpolation:* Where Linear Interpolation is specified in the relevant Final Terms as applicable in respect of an Interest Period, the Rate of Interest for such Interest Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms as applicable) or the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms as applicable), one of which shall be determined as if the Applicable Maturity (as defined below) were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"Applicable Maturity" means: (a) in relation to Screen Rate Determination, the period of time designated in the Reference Rate, and (b) in relation to ISDA Determination, the Designated Maturity.
- (f) *Maximum or Minimum Rate of Interest:* If any Maximum Rate of Interest or Minimum Rate of Interest is specified in the relevant Final Terms, then the Rate of Interest shall in no event be greater than the maximum or be less than the minimum so specified.
- (g) *Rate Multiplier:* If any Rate Multiplier is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Periods, in the case of (y), calculated in accordance with Condition 6(c) above by multiplying the Rate of Interest in respect of the relevant Interest Period by the relevant Rate Multiplier, subject to any

applicable Maximum Rate of Interest and/or Minimum Rate of Interest as described in Condition 6(f) above.

- (h) *Calculation of Interest Amount:* The Calculation Agent will, as soon as practicable after the time at which the Rate of Interest is to be determined in relation to each Interest Period, calculate the Interest Amount payable in respect of each Note for such Interest Period. The Interest Amount will be calculated by applying the Rate of Interest for such Interest Period to the Calculation Amount, multiplying the product by the relevant Day Count Fraction, rounding the resulting figure to the nearest sub-unit of the Specified Currency (half a sub-unit being rounded upwards) and multiplying such rounded figure by a fraction equal to the Specified Denomination of the relevant Note divided by the Calculation Amount. For this purpose a "**sub-unit**" means, in the case of any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, in the case of euro, means one cent. If the amount of interest payable for any period would otherwise be an amount less than zero, such amount shall be deemed to be zero.
- (i) *Publication:* The Calculation Agent will cause each Rate of Interest and Interest Amount determined by it, together with the relevant Interest Payment Date, and any other amount(s) required to be determined by it together with any relevant payment date(s) to be notified to the Paying Agents and each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation as soon as practicable after such determination but (in the case of each Rate of Interest, Interest Amount and Interest Payment Date) in any event not later than the first day of the relevant Interest Period. Notice thereof shall also promptly be given to the Noteholders. The Calculation Agent will be entitled to recalculate any Interest Amount (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period. If the Calculation Amount is less than the minimum Specified Denomination the Calculation Agent shall not be obliged to publish each Interest Amount but instead may publish only the Calculation Amount and the Interest Amount in respect of a Note having the minimum Specified Denomination.
- (j) *Notifications etc:* All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Calculation Agent will (in the absence of manifest error) be binding on the Issuer, the Paying Agents, the Noteholders and the Couponholders and (subject as aforesaid) no liability to any such Person will attach to the Calculation Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

7. ZERO COUPON NOTE PROVISIONS

- (a) *Application:* This Condition 7 (*Zero Coupon Note Provisions*) is applicable to the Notes only if the Zero Coupon Note Provisions are specified in the relevant Final Terms as being applicable.
- (b) *Late payment on Zero Coupon Notes:* If the Redemption Amount payable in respect of any Zero Coupon Note is improperly withheld or refused, the Redemption Amount shall thereafter be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price on the basis of the relevant Day Count Fraction from (and including) the Issue Date to (but excluding) whichever is the earlier of (i) the day on which all sums due in respect of such Note up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Fiscal Agent has notified the Noteholders that it has received all sums due in respect of the Notes up to such seventh day (except to the extent that there is any subsequent default in payment).

8. REDEMPTION AND PURCHASE

- (a) *Scheduled redemption*: Unless previously redeemed, or purchased and cancelled, the Notes will be redeemed at their Final Redemption Amount on the Maturity Date, subject as provided in Condition 9 (*Payments*).
- (b) *Redemption for tax reasons*: The Notes may be redeemed at the option of the Issuer in whole, but not in part:
 - (i) at any time (if the Floating Rate Note Provisions are not specified in the relevant Final Terms as being applicable); or
 - (ii) on any Interest Payment Date (if the Floating Rate Note Provisions are specified in the relevant Final Terms as being applicable),

on giving not less than 30 nor more than 45 calendar days' notice to the Noteholders (which notice shall be irrevocable), at their Early Redemption Amount (Tax), together with interest accrued (if any) to the date fixed for redemption, if:

- (A) the Issuer has or will become obliged to pay additional amounts as provided or referred to in Condition 10 (*Taxation*) as a result of any change in, or amendment to, the laws or regulations of France or any political subdivision or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations (including a holding by a court of competent jurisdiction), which change or amendment becomes effective on or after the date of issue of the first Tranche of the Notes; and
 - (B) such obligation cannot be avoided by the Issuer taking reasonable measures available to it, provided, however, that no such notice of redemption shall be given earlier than where the Notes may be redeemed at any time, 90 days prior to the earliest date on which the Issuer would be obliged to pay such additional amounts if a payment in respect of the Notes were then due.
- (c) *Special tax redemption*: If the Issuer would, on the occasion of the next payment of principal or interest in respect of the Notes, be prevented by the laws of France from causing payment to be made to the Noteholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 10 (*Taxation*), then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall, upon giving not less than 7 nor more than 45 calendar days' prior notice to the Noteholders in accordance with Condition 17 (*Notices*), forthwith redeem all, but not some only, of the Notes at their Early Redemption Amount (Tax), together, if appropriate, with accrued interest, on the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice to Noteholders shall be the later of:
 - (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes; and
 - (ii) 14 days after giving notice to the Fiscal Agent as aforesaid.
 - (d) *Final Terms*: The Notes cannot be redeemed prior to their Maturity Date (except as otherwise provided in paragraphs (b) and (c) above and in Condition 11 (*Events of Default*), except if the Final Terms applicable to the Notes indicate that such Notes will be redeemable at the option of the Issuer and/or the holders of the Notes prior to such Maturity Date in accordance with the provisions of paragraphs (e), (f), (h) and/or (i) below on the date or dates and at the amount or amounts indicated in the applicable Final Terms.
 - (e) *Redemption at the option of the Issuer*: If the Call Option is specified in the relevant Final Terms as being applicable, the Notes may be redeemed at the option of the Issuer in whole or, if so

specified in the relevant Final Terms, in part on any Optional Redemption Date (Call) at the relevant Optional Redemption Amount (Call) on the Issuer's giving (unless otherwise specified in the applicable Final Terms) not less than 30 nor more than 45 calendar days' notice to the Noteholders (which notice shall be irrevocable and shall oblige the Issuer to redeem the Notes or, as the case may be, the Notes specified in such notice on the relevant Optional Redemption Date (Call) at the Optional Redemption Amount (Call) plus accrued interest (if any) to such date).

- (f) *Make-whole Redemption*: Unless specified as not being applicable in the relevant Final Terms, the Issuer may, subject to compliance with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 calendar days' irrevocable notice in accordance with Condition 17 (*Notices*) to the Noteholders, redeem the Notes, in whole or in part, at any time or from time to time, prior to their Maturity Date (the "**Make-whole Redemption Date**"). Any such redemption of Notes shall be made at their Make-whole Redemption Amount.

"**Make-whole Redemption Amount**" means an amount calculated by the Calculation Agent and equal to the greater of (x) 100 per cent. of the principal amount of the Notes so redeemed and (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (excluding any interest accrued on the Notes to, but excluding, the relevant Make-whole Redemption Date) discounted to the relevant Make-whole Redemption Date on an annual basis at the Make-whole Redemption Rate plus a Make-whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-whole Redemption Date.

"**Make-whole Redemption Margin**" means the margin specified as such in the relevant Final Terms.

"**Make-whole Redemption Rate**" means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-whole Redemption Date at 11:00 a.m. (Central European Time (CET)) ("**Reference Dealer Quotation**") or (ii) the Reference Screen Rate, as specified in the relevant Final Terms.

"**Reference Dealers**" means each of the four banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the relevant Final Terms.

"**Reference Screen Rate**" means the screen rate specified as such in the relevant Final Terms.

"**Reference Security**" means the security specified as such in the relevant Final Terms.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11:00 a.m. (CET) on the third Business Day preceding the Make-whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer and published by or on behalf of the Issuer in accordance with Condition 17 (*Notices*) and the definition of Make-Whole Redemption Rate shall be amended accordingly.

"**Similar Security**" means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term of the Notes that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Make-whole Redemption Rate will be published by the Issuer in accordance with Condition 17 (*Notices*).

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

- (g) *Partial redemption:* If the Notes are to be redeemed in part only on any date in accordance with Condition 8(e) (*Redemption at the option of the Issuer*) and/or Condition 8(f) (*Make-whole Redemption*), the Notes to be redeemed shall be selected by the drawing of lots in such place as the Fiscal Agent approves and in such manner as the Fiscal Agent considers appropriate, subject to compliance with applicable law, the rules of each competent authority, stock exchange and/or quotation system (if any) by which the Notes have then been admitted to listing, trading and/or quotation and the notice to Noteholders referred to in Condition 8(e) (*Redemption at the option of the Issuer*) and/or Condition 8(f) (*Make-whole Redemption*) shall specify the serial numbers of the Notes so to be redeemed. In respect of Condition 8(e) (*Redemption at the option of the Issuer*) only, if any Maximum Redemption Amount or Minimum Redemption Amount is specified in the relevant Final Terms, then the Optional Redemption Amount (Call) shall in no event be greater than the maximum or be less than the minimum so specified.
- (h) *Redemption at the option of Noteholders:* If the Put Option is specified in the relevant Final Terms as being applicable, the Issuer shall, at the option of the holder of any Note redeem such Note on the Optional Redemption Date (Put) specified in the relevant Put Option Notice at the relevant Optional Redemption Amount (Put) together with interest (if any) accrued to such date. In order to exercise the option contained in this Condition 8(h) (*Redemption at the option of Noteholders*), the holder of a Note must, not less than 15 nor more than 30 days or some other period of notice as is specified in the applicable Final Terms before the relevant Optional Redemption Date (Put), deposit with any Paying Agent such Note together with all unmatured Coupons relating thereto and a duly completed Put Option Notice in the form obtainable from any Paying Agent. The Paying Agent with which a Note is so deposited shall deliver a duly completed Put Option Receipt to the depositing Noteholder. No Note, once deposited with a duly completed Put Option Notice in accordance with this Condition 8(h) (*Redemption at the option of Noteholders*), may be withdrawn; provided, however, that if, prior to the relevant Optional Redemption Date (Put), any such Note becomes immediately due and payable or, upon due presentation of any such Note on the relevant Optional Redemption Date (Put), payment of the redemption moneys is improperly withheld or refused, the relevant Paying Agent shall mail notification thereof to the depositing Noteholder at such address as may have been given by such Noteholder in the relevant Put Option Notice and shall hold such Note at its Specified Office for collection by the depositing Noteholder against surrender of the relevant Put Option Receipt. For so long as any outstanding Note is held by a Paying Agent in accordance with this Condition 8(h) (*Redemption at the option of Noteholders*), the depositor of such Note and not such Paying Agent shall be deemed to be the holder of such Note for all purposes.
- (i) *Squeeze out Option:* If 80 per cent. or more of the original aggregate principal amount of the Notes of any Series have been redeemed or repurchased by the Issuer, the Issuer may (the "**Squeeze Out Option**"), on not less than 30 nor more than 60 calendar days' irrevocable notice to the Noteholders in accordance with Condition 17 (*Notices*) at any time prior to the Maturity Date, redeem on a date to be specified in such notice (the "**Squeeze Out Redemption Date**"), at its option, all (but not some only) of the remaining Notes of that Series at their principal amount, together with interest accrued to but excluding the Squeeze Out Redemption Date.
- (j) *No other redemption:* The Issuer shall not be entitled to redeem the Notes otherwise than as provided in paragraphs (a) to (i) above.
- (k) *Early redemption of Zero Coupon Notes:* Unless otherwise specified in the relevant Final Terms, the Redemption Amount payable on redemption of a Zero Coupon Note at any time before the Maturity Date shall be an amount equal to the sum of:
 - (i) the Reference Price; and
 - (ii) the product of the Accrual Yield (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed

for redemption or (as the case may be) the date upon which the Note becomes due and payable.

Where such calculation is to be made for a period which is not a whole number of years, the calculation in respect of the period of less than a full year shall be made on the basis of such Day Count Fraction as may be specified in the Final Terms for the purposes of this Condition 8(k) (*Early redemption of Zero Coupon Notes*) or, if none is so specified, a Day Count Fraction of 30E/360.

- (l) *Purchase*: The Issuer or any of its Subsidiaries may at any time purchase Notes in the open market or otherwise and at any price, subject to applicable laws and/or regulations provided that all unmatured Coupons are purchased therewith. All Notes so purchased by the Issuer may either (i) be held and resold in accordance with applicable laws and regulations or (ii) be cancelled in accordance with Condition 8(m) (*Cancellation*) below.
- (m) *Cancellation*: All Notes redeemed or purchased by the Issuer or any of its Subsidiaries for cancellation and any unmatured Coupons attached to or surrendered with them shall be cancelled and may not be reissued or resold.

9. PAYMENTS

- (a) *Principal*: Payments of principal shall be made only against presentation and (**provided that** payment is made in full) surrender of Notes at the Specified Office of any Paying Agent outside the United States (i) in the case of a currency other than Renminbi, by cheque drawn in the currency in which the payment is due on, or by transfer to an account denominated in that currency (or, if that currency is euro, any other account to which euro may be credited or transferred) and maintained by the payee with, a bank in the Principal Financial Centre of that currency and (ii) in the case of Renminbi, by transfer to a Renminbi account maintained by or on behalf of the Noteholder with a bank in Hong Kong.
- (b) *Interest*: Payments of interest shall, subject to paragraph (h) below, be made only against presentation and (**provided that** payment is made in full) surrender of the appropriate Coupons at the Specified Office of any Paying Agent outside the United States in the manner described in paragraph (a) above.
- (c) *Payments in New York City*: Payments of principal or interest may be made at the Specified Office of a Paying Agent in New York City if (i) the Issuer has appointed Paying Agents outside the United States with the reasonable expectation that such Paying Agents will be able to make payment of the full amount of the interest on the Notes in the currency in which the payment is due when due, (ii) payment of the full amount of such interest at the offices of all such Paying Agents is illegal or effectively precluded by exchange controls or other similar restrictions and (iii) payment is permitted by applicable United States law.
- (d) *Payments subject to fiscal laws*: All payments in respect of the Notes are subject in all cases to (i) any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 10 (*Taxation*) and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto. No commissions or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) *Deductions for unmatured Coupons*: If the relevant Final Terms specifies that the Fixed Rate Note Provisions are applicable and a Note is presented without all unmatured Coupons relating thereto:
 - (i) if the aggregate amount of the missing Coupons is less than or equal to the amount of principal due for payment, a sum equal to the aggregate amount of the missing Coupons will be deducted from the amount of principal due for payment; provided, however, that if the gross amount available for payment is less than the amount of

principal due for payment, the sum deducted will be that proportion of the aggregate amount of such missing Coupons which the gross amount actually available for payment bears to the amount of principal due for payment;

- (ii) if the aggregate amount of the missing Coupons is greater than the amount of principal due for payment:
 - (A) so many of such missing Coupons shall become void (in inverse order of maturity) as will result in the aggregate amount of the remainder of such missing Coupons (the "**Relevant Coupons**") being equal to the amount of principal due for payment; **provided, however**, that where this sub-paragraph would otherwise require a fraction of a missing Coupon to become void, such missing Coupon shall become void in its entirety; and
 - (B) a sum equal to the aggregate amount of the Relevant Coupons (or, if less, the amount of principal due for payment) will be deducted from the amount of principal due for payment; **provided, however, that**, if the gross amount available for payment is less than the amount of principal due for payment, the sum deducted will be that proportion of the aggregate amount of the Relevant Coupons (or, as the case may be, the amount of principal due for payment) which the gross amount actually available for payment bears to the amount of principal due for payment.

Each sum of principal so deducted shall be paid in the manner provided in paragraph (a) above against presentation and (**provided that** payment is made in full) surrender of the relevant missing Coupons.

- (f) *Unmatured Coupons void*: If the relevant Final Terms specifies that the Floating Rate Note Provisions are applicable, on the due date for final redemption of any Note or early redemption in whole of such Note pursuant to Condition 8(b) (*Redemption for tax reasons*), Condition 8(c) (*Special tax redemption*), Condition 8(e) (*Redemption at the option of the Issuer*), Condition 8(f) (*Make-whole Redemption*), Condition 8(h) (*Redemption at the option of Noteholders*) or Condition 11 (*Events of Default*), all unmatrued Coupons relating thereto (whether or not still attached) shall become void and no payment will be made in respect thereof.
- (g) *Payments on business days*: If the due date for payment of any amount in respect of any Note or Coupon is not a Payment Business Day in the place of presentation, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.
- (h) *Payments other than in respect of matured Coupons*: Payments of interest other than in respect of matured Coupons shall be made only against presentation of the relevant Notes at the Specified Office of any Paying Agent outside the United States (or in New York City if permitted by paragraph (c) above).
- (i) *Partial payments*: If a Paying Agent makes a partial payment in respect of any Note or Coupon presented to it for payment, such Paying Agent will endorse thereon a statement indicating the amount and date of such payment.
- (j) *Exchange of Talons*: On or after the maturity date of the final Coupon which is (or was at the time of issue) part of a Coupon Sheet relating to the Notes, the Talon forming part of such Coupon Sheet may be exchanged at the Specified Office of the Fiscal Agent for a further Coupon Sheet (including, if appropriate, a further Talon but excluding any Coupons in respect of which claims have already become void pursuant to Condition 12 (*Prescription*)). Upon the due date for redemption of any Note, any unexchanged Talon relating to such Note shall become void and no Coupon will be delivered in respect of such Talon.
- (k) *Alternative Payment in U.S. Dollar*: If Inconvertibility, Non-transferability or Illiquidity (each as defined below) occurs, the Issuer, on giving not less than five nor more than 30 days

irrevocable notice in accordance with Condition 17 (*Notices*) to the Noteholders prior to the due date for payment, shall be entitled to satisfy its obligations in respect of such payment by making such payment in U.S. dollars on the basis of the Spot Rate on the second FX Business Day prior to such payment or, if such rate is not available on such second FX Business Day, on the basis of the rate most recently available prior to such second FX Business Day.

Any payment made under such circumstances in U.S. dollars will constitute valid payment, and will not constitute a default in respect of the Notes.

"CNY Dealer" means an independent foreign exchange dealer of international repute active in the Renminbi exchange market in Hong Kong.

"FX Business Day" shall mean a day (other than a Saturday, Sunday or public holiday) on which commercial banks and foreign exchange markets settle payments in U.S. dollars in Hong Kong and New York.

"Governmental Authority" means any de facto or de jure government (or any agency or instrumentality thereof), court, tribunal, administrative or other governmental authority or any other entity (private or public) charged with the regulation of the financial markets (including the central bank) of Hong Kong.

"Illiquidity" means the general Renminbi exchange market in Hong Kong becomes illiquid as a result of which the Issuer cannot obtain sufficient Renminbi in order to satisfy its obligation to pay interest and principal (in whole or in part) in respect of the RMB Notes as determined by the Issuer in good faith and in a commercially reasonable manner following consultation with two CNY Dealers.

"Inconvertibility" means the occurrence of any event that makes it impossible for the Issuer to convert any amount due in respect of the RMB Notes in the general Renminbi exchange market in Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation becomes effective on or after the issue date of such RMB Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"Non-transferability" means the occurrence of any event that makes it impossible for the Issuer to deliver Renminbi between accounts inside Hong Kong or from an account inside Hong Kong to an account outside Hong Kong, other than where such impossibility is due solely to the failure of the Issuer to comply with any law, rule or regulation enacted by any Governmental Authority (unless such law, rule or regulation becomes effective on or after the issue date of the relevant RMB Notes and it is impossible for the Issuer, due to an event beyond its control, to comply with such law, rule or regulation).

"RMB Rate Calculation Agent" means the agent appointed from time to time by the Issuer for the determination of the Spot Rate or identified as such in the relevant Final Terms.

"Spot Rate" for a RMB Rate Calculation Date means the spot U.S. dollar/CNY exchange rate for the purchase of U.S. dollars with CNY in the over-the-counter Renminbi exchange market in Hong Kong for settlement on the relevant due date for payment, as determined by the RMB Rate Calculation Agent at or around 11.00 a.m. (Hong Kong time) on such RMB Rate Calculation Date, on a deliverable basis by reference to Reuters Screen Page TRADCNY3, or if no such rate is available, on a non-deliverable basis by reference to Reuters Screen Page TRADNDF. If neither rate is available, the RMB Rate Calculation Agent will determine the Spot Rate at or around 11:00 a.m. (Hong Kong time) on the RMB Rate Calculation Date as the most recently available U.S. dollar/CNY official fixing rate for settlement on the relevant due date for payment reported by The State Administration of Foreign Exchange of the PRC, which is reported on the Reuters Screen Page CNY=SAEC. Reference to a page on the Reuters Screen means the display page so designated on the Reuters Monitor Money Rates Service (or any

successor service) or such other page as may replace that page for the purpose of displaying a comparable currency exchange rate.

The Calculation Agent will not be responsible or liable to the Issuer or any holder of the Notes for any determination of any Spot Rate determined in accordance with this provision in the absence of its own gross negligence, bad faith or wilful misconduct.

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 9 (*Payments*) by the Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Paying Agents and all Noteholders.

10. TAXATION

- (a) All payments of principal and interest in respect of the Notes and the Coupons by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France or any political subdivision therein or any authority therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law.
- (b) If, pursuant to French laws or regulations, payments of principal, and interest in respect of the Notes and the Coupons by or on behalf of the Issuer become subject to withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France, or any political subdivision therein, or any authority therein or thereof having power to tax, the Issuer shall, to the fullest extent then permitted by law, pay such additional amounts as will result in receipt by the Noteholders and the Couponholders after such withholding or deduction of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable in respect of any Note or Coupon:
 - (i) presented for payment by or on behalf of a holder which is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of its having some connection with the jurisdiction by which such taxes, duties, assessments or charges have been imposed, levied, collected, withheld or assessed other than the mere holding of the Note or Coupon; or
 - (ii) presented for payment more than thirty days after the Relevant Date except to the extent that the holder of such Note or Coupon would have been entitled to such additional amounts on presenting such Note or Coupon for payment on the last day of such period of thirty days.

11. EVENTS OF DEFAULT

The holder of any Note may give written notice to the Issuer that the Notes are, and they shall accordingly forthwith become immediately due and repayable at their Early Termination Amount together with, if appropriate and subject as otherwise provided herein, interest accrued to the date of repayment, upon the occurrence of any of the following events (each an "**Event of Default**"):

- (a) default by the Issuer is made in the payment of any interest or principal due in respect of the Notes of a Series or any of them and such default continues for a period of 30 days; or
- (b) the Issuer fails to perform or observe any of its other obligations under or in respect of the Notes of a Series and (except in any case where such failure is incapable of remedy when no such continuation as is hereinafter mentioned will be required) the failure continues for a period of 60 days next following the service on the Issuer of a notice requiring the same to be remedied; or

- (c) the Issuer becomes insolvent or is unable to pay its debts as they fall due, an administrator or liquidator is appointed (or application from any such appointment is made) in respect of the Issuer or the Issuer consents to a proceeding seeking a judgment of insolvency or bankruptcy or any other relief under any bankruptcy or insolvency law or other similar law affecting creditors' rights, or the Issuer consents to a petition for its winding-up or liquidation by it or by such administrator or liquidator, provided that proceedings instituted or petitions presented by creditors and not consented to by the Issuer shall not constitute an Event of Default.

12. **PRESCRIPTION**

Claims for principal shall become void unless the relevant Notes are presented for payment within ten years of the appropriate Relevant Date. Claims for interest shall become void unless the relevant Coupons are presented for payment within five years of the appropriate Relevant Date.

13. **REPLACEMENT OF NOTES AND COUPONS**

If any Note or Coupon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Fiscal Agent (and, if the Notes are then admitted to listing, trading and/or quotation by any competent authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Paying Agent having its Specified Office in the place required by such competent authority, stock exchange and/or quotation system), subject to all applicable laws and competent authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes or Coupons must be surrendered before replacements will be issued.

14. **AGENTS**

In acting under the Agency Agreement and in connection with the Notes and the Coupons, the Paying Agents act solely as agents of the Issuer and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders or Couponholders.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Calculation Agent (if any) is specified in the relevant Final Terms. The Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint a successor fiscal agent or Calculation Agent and additional or successor paying agents; **provided, however, that:**

- (a) the Issuer shall at all times maintain a Fiscal Agent; and
- (b) if a Calculation Agent is specified in the relevant Final Terms the Issuer shall at all times maintain a Calculation Agent; and

TAXATION

The following is a general description of certain tax considerations relating to the Notes. It does not purport to be a complete analysis of all tax considerations relating to the Notes. Prospective purchasers of Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of Notes and receiving payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of those countries. This outline is based upon the law and interpretation hereof as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date, possibly with retroactive effect.

France Taxation

The following is a basic summary of certain French withholding tax considerations that may be relevant to Noteholders who do not concurrently hold shares of the Issuer. This overview is based on French tax laws and interpretation hereof currently in force and does not purport to constitute a complete tax analysis of all of the tax considerations relating to the Notes, whether in this country or elsewhere, nor to be viewed as legal advice. Prospective purchasers are urged to consult with their own tax advisers prior to purchasing the Notes to determine the tax implications of investing in the Notes in light of each purchaser's circumstances.

Withholding tax

Payments of interest and other revenues made by the Issuer with respect to the Notes will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a bank account opened in a financial institution located in a non-cooperative State or territory (*Etat ou territoire non coopératif*) within the meaning of Article 238-0 A of the French *Code général des impôts* (a "**Non-Cooperative State**") or, if the payment is not made onto a bank account, to persons domiciled or established in a Non-Cooperative State. If such payments under the Notes are made in a Non-Cooperative State, a 75 per cent. withholding tax will be applicable (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty) by virtue of Article 125 A III of the French *Code général des impôts*.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other revenues on such Notes will not be deductible from the Issuer's taxable income, if they are (i) paid or accrued to persons domiciled or established in a State or territory where they benefit from a preferential tax regime under the meaning of Article 238 A of the French General Tax Code (*Code Général des impôts*) or in a Non-Cooperative State or (ii) paid or accrued to a bank account opened in a financial institution located in a State or territory where it benefits from a preferential tax regime under the meaning of Article 238 A of the French General Tax Code (*Code Général des impôts*) or in a Non-Cooperative State (the "**Deductibility Exclusion**"). Under certain conditions, any such non-deductible interest and other revenues may be recharacterised as constructive dividends pursuant to Article 109 and *seq.* of the French *Code général des impôts*, in which case such non-deductible interest and other revenues may be subject to the withholding tax set out under Article 119 *bis* 2 of the French *Code général des impôts*, at a rate of (i) 12.8 per cent. for interest and other revenues benefiting individuals who are not French tax residents, or (ii) 30 per cent. (to be aligned with the standard corporate income tax rate set forth in Article 219-I of the French *Code général des impôts* for fiscal years beginning as from 1 January 2020) for interest and other revenues benefiting legal persons who are not French tax residents or (iii) 75 per cent. for interest and other revenues paid outside France in a Non-Cooperative State (subject to certain exceptions and to the more favourable provisions of any applicable double tax treaty).

However, with regard to interest and other revenues paid under the Notes to persons domiciled or established in a State or territory where they benefit from a preferential tax regime or paid in a bank account opened in a financial institution located in a State or territory where it benefits from a preferential tax regime, neither the non-deductibility set out under Article 238 A of the French General Tax Code (*Code general des impôts*) nor the withholding tax set out under article 119 *bis* 2 of the same code will apply if the Issuer can prove that the relevant interest or revenues relate to genuine transactions and are not in an abnormal or exaggerated amount.

Furthermore, with regard to interest and other revenues paid under the Notes to persons domiciled or established in a Non-Cooperative State or paid in a bank account opened in a financial institution located in a Non-Cooperative State, neither the 75 per cent. withholding tax set out under Article 125 A III of the French *Code général des impôts* nor, to the extent the relevant interest or revenues relate to genuine transactions and are not in an abnormal or exaggerated amount, the Deductibility Exclusion, (and therefore the withholding tax set out under article 119 *bis* 2 of the French *Code général des impôts* which may apply as a result of the Deductibility Exclusion) will

apply in respect of a particular issue of Notes if the Issuer can prove that the principal purpose and effect of such issue of Notes were not that of allowing the payments of interest or other revenues to be made in a Non-Cooperative State (the "**Exception**"). Pursuant to the *Bulletin Officiel des Finances Publiques-Impôts* (BOI-INT-DG-20-50-20140211, n°550 and n°990, BOI-RPPM-RCM-30-10-20-40-20140211, n°70 and n°80, and BOI-IR-DOMIC-10-20-20-60-20150320 n°10), an issue of the Notes will benefit from the Exception without the Issuer having to provide any proof of the purpose and effect of such issue of Notes, if such Notes are:

- (i) offered by means of a public offer within the meaning of Article L 411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer made in a State other than a Non-Cooperative State. For this purpose, an "equivalent offer" means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities delivery and payments systems operator within the meaning of Article L 561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depository or operator is not located in a Non-Cooperative State.

Withholding tax applicable to French tax resident investors

Pursuant to Article 125 A of the French *Code général des impôts*, where the paying agent (*établissement payeur*) is established in France and subject to certain limited exceptions, interest and other similar revenues received by French tax resident individuals are subject to a 12.8 per cent. withholding tax, which is deductible from their personal income tax liability in respect of the year in which the withholding tax has been paid. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of 17.2 per cent. on interest and other similar revenues paid to French tax resident individuals.

Luxembourg Taxation

The following is a general description of certain Luxembourg tax considerations relating to the Notes. It specifically contains information on taxes on the income from the Notes withheld at source and provides an indication as to whether the Issuer assumes responsibility for the withholding of taxes at the source. It does not purport to be a complete analysis of all tax considerations relating to the Notes, whether in Luxembourg or elsewhere. Prospective purchasers of the Notes should consult their own tax advisers as to which countries' tax laws could be relevant to acquiring, holding and disposing of the Notes payments of interest, principal and/or other amounts under the Notes and the consequences of such actions under the tax laws of Luxembourg. This description is based upon the law as in effect on the date of this Prospectus. The information contained within this section is limited to withholding taxation issues, and prospective investors should not apply any information set out below to other areas, including (but not limited to) the legality of transactions involving the Notes.

All payments of interest and principal by the Luxembourg Paying Agent under the Notes can be made free and clear of any withholding or deduction for or on account of any taxes of whatsoever nature imposed, levied, withheld, or assessed by Luxembourg or any political subdivision or taxing authority thereof or therein, in accordance with the applicable Luxembourg law, subject however to the application, as regards Luxembourg resident individuals, of the Luxembourg law of 23 December 2005 which has introduced a 20 per cent. final withholding tax on savings income.

Responsibility for the withholding of tax in application of the above-mentioned Luxembourg law of 23 December 2005 is assumed by the Luxembourg paying agent within the meaning of this law and not by the Issuer.

FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. A number of jurisdictions (including France) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their

jurisdictions. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019. Noteholders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes.

SUBSCRIPTION AND SALE

Notes may be sold from time to time by the Issuer to Société Générale (the "**Dealer**" and, together with any other dealer(s) appointed pursuant to the Programme Agreement (as defined below) the "**Dealers**"). The arrangements under which Notes may from time to time be agreed to be sold by the Issuer to, and purchased by, the Dealer(s) are set out in an amended and restated programme agreement dated 26 June 2018 (such programme agreement as modified and/or supplemented and/or restated from time to time, the "**Programme Agreement**") and made between the Issuer and the Dealer(s). Any such agreement will, *inter alia*, make provision for the form and terms and conditions of the relevant Notes, the price at which such Notes will be purchased by the Dealer(s) and the commissions or other agreed deductibles (if any) payable or allowable by the Issuer in respect of such purchase. The Programme Agreement makes provision for the resignation or termination of appointment of the existing Dealer(s) and for the appointment of additional or other Dealers either generally in respect of the Programme or in relation to a particular Tranche of Notes.

In relation to any Tranche of Fixed Rate Notes, an indication of the yield in respect of such Notes will be specified in the applicable Final Terms. The yield is calculated at the Issue Date of the Notes on the basis of the relevant Issue Price. The yield indicated will be calculated as the yield to maturity as at the Issue Date of the Notes and will not be an indication of future yield.

9. **REFERENCE RATES**

Amounts payable under Floating Rate Notes may be calculated by reference to EURIBOR or LIBOR, which are respectively provided by the European Money Markets Institute ("**EMMI**") and ICE Benchmark Administration Limited ("**IBA**"), or other Reference Rates as indicated in the relevant Final Terms. As at the date hereof, (i) the IBA appears on the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority pursuant to Article 36 of the Benchmark Regulation and (ii) the EMMI does not appear on such register. As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmark Regulation apply, such that the EMMI is not currently required to obtain authorisation or registration. The applicable Final Terms will specify the administrator of any benchmark used as a reference under the Floating Rate Notes and whether or not such administrator appears on the above mentioned register of administrators and benchmarks established and maintained by the European Securities and Markets Authority.
