It has been approved by the *Autorité des marchés financiers* (the "**AMF**") in France in its capacity as competent authority pursuant to the Prospectus Regulation. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer that is the subject of this Base Prospectus, nor of the quality of the Notes which are subject to this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. This Base Prospectus shall be in force for a period of one (1) year as of its date. The obligation to supplement this Base Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply when this Base Prospectus is no longer valid. The Notes issued under the Programme may also be unlisted or listed on an alternative stock exchange or market. The relevant final terms in respect of the issue of any Notes (the "**Final Terms**") will specify whether or not an application has been or will be made for such Notes to be listed and/or admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and/or admitted to trading.

Notes will be in such denomination(s) as may be agreed between the Issuer and the relevant Dealers and as specified in the relevant Final Terms, save that the minimum denomination of each Note listed and admitted to trading on a Regulated Market will be €100,000 and, if the Notes are denominated in a currency other than Euro, the equivalent amount in such currency at the issue date, or such higher amount as may be allowed or required from time to time by the relevant monetary or financial authority or any laws or regulations applicable to the relevant specified currency. Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th calendar day after the issue date of the Notes (subject to postponement as described in section "*Temporary Global Certificates issued in respect of Materialised Bearer Notes*") upon certification as to non-U.S. beneficial ownership as more fully described herein.

Notes issued pursuant to the Programme may be unrated or rated differently from the current ratings of the Programme. The rating(s) of the Notes (if any) will be specified in the relevant Final Terms, including as to whether or not such credit ratings are (i) issued by credit rating agencies established in the European Union, registered (or which have applied for registration) under the CRA Regulation and included in the list of registered credit rating agencies published on the website of the ESMA (www.esma.europa.eu/supervision/credit-rating-agencies/risk) and/or (ii) issued or endorsed by a credit rating agency established in the United Kingdom and registered under CRA Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**") or certified under the UK CRA Regulation. The distribution of this Base Prospectus and the offering or sale of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus comes are required by the Issuer, the Dealers and the Arranger to inform themselves about and to observe any such restriction. INDEPENDENT REVIEW AND ADVICE

Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and legal or regulatory restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to below.

THE NOTES MAY NOT BE A SUITABLE INVESTMENT FOR ALL INVESTORS

Each prospective investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each prospective investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained or incorporated by reference in this Base Prospectus or any supplement thereto and the relevant Final Terms;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the prospective investor's currency;
- (iv) understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and
- (vi) be aware, in terms of legislation or regulatory regime applicable to such investor of the applicable restrictions on its ability to invest in the Notes and in any particular type of Notes.

A prospective investor should not invest in Notes unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value

of such Notes and the impact this investment will have on the prospective investor's overall investment portfolio.

MIFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes will include a legend entitled “MiFID II Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by the European Securities and Markets Authority (“ESMA”) on 5 February 2018 and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to Directive 2014/65/EU on markets in financial instruments (as amended, “MiFID II”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the MiFID II product governance rules under EU Delegated Directive 2017/593 (the “MiFID II Product Governance Rules”), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the MiFID II Product Governance Rules. For the avoidance of doubt, the Issuer is not a MiFID II regulated entity and does not qualify as a distributor or a manufacturer under MiFID II Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled “UK MiFIR Product Governance” which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA’s policy statement entitled “Brexit our approach to EU non-legislative materials”), and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a “distributor”) should take into consideration the target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the “UK MiFIR Product Governance Rules”) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the target market assessment) and determining appropriate distribution channels.

A determination will be made in relation to each issue of Notes about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules. For the avoidance of doubt, the Issuer is not a UK MiFIR regulated entity and does not qualify as a distributor or a manufacturer under UK MiFIR Product Governance Rules.

IMPORTANT - PROHIBITION OF SALES TO EEA RETAIL INVESTORS –The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the EEA. For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; or (ii) a customer within the meaning of Directive (EU) 2016/97 dated 20 January 2016 on insurance distribution (as amended or superseded, the “Insurance Distribution Directive”) where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

IMPORTANT – PROHIBITION OF SALES TO UK RETAIL INVESTORS – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the United Kingdom (“UK”). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client, as defined in point (8) of Article 2 of Commission Delegated Regulation

(EU) No 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 ("EUWA"); or (ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended, "FSMA") and any rules or regulations made under the FSMA to implement the Insurance Distribution Directive, where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA. Consequently no key information document required by Regulation (EU) No 1286/2014 as it forms part of UK domestic law by virtue of the EUWA (the "UK PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared or will be prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

NOTIFICATION PURSUANT TO SECTION 309B OF THE SECURITIES AND FUTURES ACT 2001 (REVISED EDITION 2020) OF SINGAPORE – Solely for the purposes of its obligations pursuant to sections 309B(1)(a) and 309B(1)(c) of the Securities and Futures Act 2001 (Revised Edition 2020) of Singapore (the "SFA"), the Issuer has determined, and hereby notifies all relevant persons (as defined in Regulation 3(b) of the Securities and Futures (Capital Markets Products) Regulations 2018 (the "SF (CMP) Regulations") that, unless otherwise stated in the relevant Final Terms, all Notes issued under the Programme shall be prescribed capital markets products as defined in SF (CMP) Regulations and 5 WS0101.34089799.1 "Excluded Investment Products" (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Prospective purchasers and sellers of the Notes may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for innovative financial notes such as the Notes. Prospective investors are advised not to rely upon the tax overview contained in this Base Prospectus and any supplement thereto but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the prospective investor.

Fixed Rate Notes: Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes: Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency pursuant to the June 2013 *Fédération Bancaire Française* ("FBF") Master Agreement relating to transactions on forward financial instruments; or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2006 ISDA Definitions or the 2021 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc., as specified in the relevant Final Terms, each as published by the International Swaps and Derivatives Association, Inc. (or any successor) on its website (<http://www.isda.org>) and as amended and updated as at the Issue Date of the first Tranche of the Notes of the relevant Series ; or
- (iii) by reference to EURIBOR, SONIA or €STR (or such other benchmark as may be specified in the relevant Final Terms),

in each case plus or minus any applicable margin, if any, and calculated and payable as indicated in the relevant Final Terms. Floating Rate Notes may also have a Maximum Rate of Interest, a Minimum Rate of Interest or both.

The Minimum Rate of Interest, being the relevant rate of interest plus any relevant margin, shall be deemed to be zero.

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by straight line linear interpolation by reference to two rates based on the relevant FBF Rate, the relevant Reference Rate or the relevant Floating Rate Option, as the case may be.

In the event that a Benchmark Event occurs, such that any floating interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then Independent Adviser may be permitted to substitute such benchmark and/or screen rate (as applicable) with a successor, replacement or alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and, potentially, the application of an Adjustment Spread (which could be positive or negative)).

Fixed/Floating Rate Notes: Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes:	Zero Coupon Notes (as defined in Condition 1 (<i>Form, Denomination(s), Title, Redenomination</i>)) may be issued at their nominal amount or at a discount to it and will not bear interest.
Redenomination:	Notes denominated in a currency that may be converted into euro may be subject to redenomination, renominatisation and/or consolidation with other Notes denominated in euro, all as more fully provided in Condition 1 (<i>Form, Denomination, Title and Redenomination</i>).
Consolidation:	Notes of one Series may be consolidated with Notes of another Series as more fully provided in Condition 13 (<i>Further Issues and Consolidation</i>).
Form of Notes:	Notes may be issued in either dematerialised form (" Dematerialised Notes ") or in materialised form (" Materialised Notes "). Dematerialised Notes may, at the option of the Issuer, be issued in bearer dematerialised form (<i>au porteur</i>) or in registered dematerialised form (<i>au nominatif</i>) and, in such latter case, at the option of the relevant Noteholder, in either fully registered form (<i>au nominatif pur</i>) or administered registered form (<i>au nominatif administré</i>). No physical documents of title will be issued in respect of Dematerialised Notes. See Condition 1 (<i>Form, Denomination, Title and Redenomination</i>). Materialised Notes will be in bearer materialised form (" Materialised Bearer Notes ") only. A Temporary Global Certificate will be issued initially in respect of each Tranche of Materialised Bearer Notes. Materialised Notes may only be issued outside France.
Governing Law and jurisdiction:	French law. Any claim against the Issuer in connection with any Notes, Receipts, Coupons or Talons will be submitted to the exclusive jurisdiction of the competent courts in Paris.
Clearing Systems:	(i) Euroclear France as central depository in relation to Dematerialised Notes and (ii) Clearstream Banking S.A. (" Clearstream ") and Euroclear Bank SA/NV (" Euroclear ") or any other clearing system that may be agreed between the Issuer, the Fiscal Agent and the relevant Dealer(s) in relation to Materialised Notes.
Initial Delivery of Dematerialised Notes:	One Paris business day before the issue date of each Tranche of Dematerialised Notes, the <i>lettre comptable</i> (in relation to Dematerialised Notes issued on a syndicated basis) or the application form or the <i>lettre comptable</i> , as the case may be (in relation to Dematerialised Notes issued on a non-syndicated basis) relating to such Tranche shall be deposited with Euroclear France as central depository.
Initial Delivery of Materialised Notes:	On or before the issue date for each Tranche of Materialised Bearer Notes, the Temporary Global Certificate issued in respect of such Tranche shall be deposited with a common depository for Euroclear and Clearstream, or with any other clearing system or may be delivered outside any clearing system provided that the method of such delivery has been agreed in advance by the Issuer, the Fiscal Agent and the relevant Dealer.
Listing and Admission to trading:	Application may be made for Notes to be issued under the Programme, for a period of twelve (12) months from the date of the approval granted by the AMF on this Base Prospectus, to be admitted to trading on the regulated market of Euronext Paris (" Euronext Paris "). Euronext Paris is a regulated market for the purposes of the Markets in Financial Instruments Directive 2014/65/EU, as amended, appearing on the list of regulated markets (a " Regulated Market ") published on the ESMA website. The Notes may also be listed or admitted to trading, as the case may be, on any other Regulated Market in accordance with the Prospectus Regulation or

any other stock exchange or market. A Series of Notes may be unlisted, and Notes which are neither listed nor admitted to trading may also be issued, in any case as specified in the relevant Final Terms.

Representation of the Noteholders: If the Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the "Masse"). The Masse will be governed by the provisions of the French *Code de commerce* with the exception, pursuant to Article L.228-90 of the French *Code de commerce*, of Article L.228-48, Article L.228-65, I, 1°, 3° and 4°, the second sentence of the first paragraph of Article L.228-71 and Articles R.228-61, R.228-63, R.228-69, R.228-79 and R.236-11, and subject to the provisions of Condition 11(b) (*Contractual Masse*).

If the Final Terms specify "No Masse", the meeting and voting provisions of Condition 11(a) (*No Masse*) will apply.

Ratings: The Programme has been rated "BBB" by S&P and "BBB+" by Fitch.

The Issuer's long-term and short-term senior debt has been respectively rated (i) "BBB" and "A-2" on CreditWatch with positive implications by S&P and (ii) "BBB+" and F1 with stable outlook by Fitch. Each of S&P and Fitch is established in the European Union, is registered under the CRA Regulation and is included in the list of registered credit rating agencies published on the website of the ESMA (www.esma.europa.eu/supervision/credit-rating-agencies/risk).

Notes issued pursuant to the Programme may be unrated or rated differently from the current ratings of the Programme.

The rating(s) of the Notes (if any) will be specified in the relevant Final Terms, including as to whether or not such credit ratings are (i) issued by credit rating agencies established in the European Union, registered (or which have applied for registration) under the CRA Regulation and included in the list of registered credit rating agencies published on the website of the ESMA (www.esma.europa.eu/supervision/credit-rating-agencies/risk) and/or (ii) issued or endorsed by a credit rating agency established in the United Kingdom and registered the UK CRA Regulation or certified under the UK CRA Regulation. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency without notice.

A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Use of proceeds: As described in the section "Use of Proceeds" of this Base Prospectus, except otherwise specified in the relevant Final Terms, the net proceeds of the issue of the Notes, as described in the relevant Final Terms, will be used by the Issuer for general corporate purposes or, in respect of the issue of "green and positive impact" Notes (the "**Green and Positive Impact Notes**"), an amount equivalent to the net proceeds will be applied exclusively for the financing or refinancing of eligible vehicles (such projects the "**Eligible vehicles**"), that contribute to the development of clean transportation and the transition to a low carbon future in accordance with the eligibility criteria set out in the green and positive impact bonds framework, as amended and supplemented from time to time (the "**Framework**"), which is available on the Issuer's website : <https://www.aldautomotive.com/LinkClick.aspx?fileticket=PC0PfZav3Hg%3d&portalid=17&language=en-US×tamp=165469093215>
The Framework received a second party opinion from ISS ESG, which is available on the Issuer's website (<https://www.aldautomotive.com/investors/information-and-publications/debt-investors>).

**Selling
Restrictions:**

There are restrictions on the offer and sale of Notes and the distribution of offering material in various jurisdictions including the United States of America, the EEA, the United Kingdom, Hong Kong, Japan, People's Republic of China and Singapore. (See "Subscription and Sale").

The Notes constitute Category 2 securities for the purposes of Regulation S under the United States Securities Act of 1933, as amended, unless otherwise specified in the Final Terms.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) (the "**D Rules**") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) (the "**C Rules**") or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes and may be material for the purpose of assessing the market risks associated with Notes to be issued under the Programme. All of these factors are contingencies which may or may not occur. The risk factors may relate to the Issuer or the Group.

The Issuer believes that the factors described below and in the documents incorporated by reference are specific to the Issuer and/or the Notes and material for an informed investment decisions with respect to investing in Notes issued under the Programme. The Issuer does not represent that the statements below regarding the risks of holding any Notes are exhaustive. The risks described below and in the documents incorporated by reference are not the only risks the Issuer faces. Additional risks and uncertainties not currently known to the Issuer or that it currently believes to be immaterial could also have a material impact on its business operations.

Prospective investors should also read the detailed information set out elsewhere or incorporated by reference in this Base Prospectus and the Final Terms of the relevant Notes and reach their own views prior to making any investment decision. In particular, investors should make their own assessment as to the risks associated with the Issuer and the Notes prior to investing in Notes issued under the Programme.

In each sub-category below the Issuer sets out first the most material risks, in its assessment, taking into account the expected magnitude of their negative impact and the probability of their occurrence.

Terms used but not defined in this section will have the same meaning given to them in the "Terms and Conditions of the Notes".

I. RISK FACTORS RELATING TO THE ISSUER AND ITS SUBSIDIARIES

Given the diversity and changes in the Group's activities, its risk management focuses on the following main categories of risks, any of which could adversely affect the Group's performance.

The following risk factors set out in "Chapter 4. Risks" on pages 101-113 of the English version of the Issuer's registration document dated 22 April 2022 and which was filed with the *Autorité des marchés financiers* on 22 April 2022 under no. D.22-0340 (the "**2021 Universal Registration Document**") shall be deemed to be incorporated by reference in, and form part of, this Part I (see section "*Information Incorporated by Reference*").

1. Macroeconomic and geopolitical risks

- *The Group's activity and results may be impacted by a deterioration of the economic and/or geopolitical environment.*
- *The Group's business and results could be affected by health risks, which could disrupt operations, weaken economies and increase default rates.*

2. Risks specific to activities

- *The Group may be unable to sell its used vehicles at desirable prices, and faces risks related to the residual value of its vehicles in connection with such disposals.*
- *The Group's pricing structure and assumptions regarding the future maintenance and repair costs and tyre costs of the vehicles in its fleet over the term of the lease may prove to be inaccurate, which could result in reduced margin or losses.*
- *The Group's activities are based on contractual relationships with intermediaries in the distribution of contracts (car manufacturers, banks, retail websites).*
- *Car manufacturers providing vehicles, maintenance and spare parts as well as the other suppliers of aftersales service.*
- *Some of the partners in related services have a monopoly position in their market.*

3. Strategic risks

- *The Group could encounter difficulties to execute the announced acquisitions, to generate the expected benefits and integration costs. The Group also faces the risk that the integration of new acquisitions may divert management from existing operations.*
- *As a result, the Group could record lower-than-anticipated profits, or additional expenses, asset impairments and losses that had not been identified, and which could adversely impact the Group's results and financial position as well as its share price.*
- *The Group may not be able to compete successfully or competition may increase in the businesses in which it operates.*

4. Credit risk

The Group is exposed to the risk of default by its customers under leases and/or Fleet Management contracts.

5. Operational risks

- *The Group relies on the proper functioning of its software, websites and mobile applications, and its ability to adapt them to future technological developments.*
- *Any disruption to, or third-party attack on, the Group's information technology systems could adversely impact its business.*
- *The Group could be subject to litigation or administrative and/or legal proceedings as well as to sanctions for non-compliance with regulations that could harm its interests.*
- *The Group's activity could have negative impacts on the climate, the environment and society.*

6. Treasury risks

- *Inability to meet its financial commitments when they fall due.*
- *The Group is marginally exposed to interest rate risk and is exposed to a foreign exchange rise in countries outside the Euro zone.*

II. RISK FACTORS RELATING TO THE NOTES

The following does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in the Notes and the suitability of investing in the Notes considering their particular circumstances. The following categories of risk factors are identified:

1. Risks for the Noteholders as creditors of the Issuer

Limited events of default

The Notes contain events of default under Condition 9 (*Events of Default*) and a holder of any such Note may only give notice that such Note is immediately due and payable in a limited number of circumstances. Such events of default do not include, for example, a cross-default of the Issuer's other debt obligations. Upon a payment default, the sole remedy available to Noteholders and, where applicable, Couponholders for recovery of amounts owing in respect of any payment of principal or interest on such Notes will be the institution of judicial proceedings to enforce such payment. Notwithstanding the foregoing, the Issuer will not, by virtue of the institution of any such proceedings, be obliged to pay any sum or sums sooner than the same would otherwise have been payable by it. Therefore, the liquidity and market value of the Notes may be adversely affected and investors who sell Notes on the secondary market could lose all or part of their investment.

Noteholders' returns may be limited or delayed by the insolvency of the Issuer

The Issuer is a *société anonyme* with its registered office in France. In the event that the Issuer becomes insolvent, insolvency proceedings will be generally governed by the insolvency laws of France to the extent that, where applicable, the "centre of main interests" (as construed under Regulation (EU) 2015/848, as amended) of the Issuer is located in France.

The Directive (EU) 2019/1023 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 has been implemented into French law by the *Ordonnance* 2021-1193 dated 15 September 2021 which applies as from 1 October 2021 and amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings. According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders), as well as secured and unsecured receivables, shall be treated in separate classes for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria. Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden by a crossclass cram down.

The decision of each class is taken by a two-third (2/3rd) majority of the voting rights of the participating members, no quorum being required. If the restructuring plan is not approved by all classes of affected parties, it can still be ratified by the court at the request of the Issuer or the receiver with the Issuer's consent and be imposed on dissenting classes through a crossclass cram down, under certain conditions.

For the avoidance of doubt, the provisions relating to the Masse described in Condition 11 (*Representation of Noteholders*) will not be applicable to the extent they are not in compliance with compulsory insolvency law provisions that apply in these circumstances.

The commencement of insolvency proceedings against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decision taken by a class of affected parties, could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Credit ratings may not reflect all risks and may be lowered, suspended, withdrawn or not maintained

One or more independent credit rating agencies may assign credit ratings to the Notes. At the date of this Base Prospectus, the Notes issued under the Programme are expected to be rated BBB by S&P and BBB+ by Fitch, as described in the section "*General Description of the Programme*". The rating of the Notes will be specified in the relevant Final Terms. Following the date of this Base Prospectus, any such ratings may not continue for any period of time or may not be reviewed, revised, suspended or withdrawn entirely by the rating agencies as a result of changes in or unavailability of information or if, in the judgement of the rating agencies, circumstances so warrant.

If any rating assigned to the Notes is revised, lowered, suspended or withdrawn, the market value of the Notes could be adversely affected. Further, rating agencies may assign unsolicited ratings to the Notes. If non-solicited ratings are assigned, such ratings may differ from, or be lower than, the ratings sought by the Issuer.

Meetings of Noteholders and modifications; defined majorities may bind all Noteholders

If the Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defense of their common interests in a Masse, as defined in Condition 11 (*Representation of Noteholders*). The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the

relevant General Meeting, Noteholders who voted in a manner contrary to the majority and Noteholders who did not respond to, or rejected, a Written Decision. Noteholders may deliberate on proposals relating to the modification of the Terms and Conditions subject to the limitations provided by French law. If a proposal is duly adopted and such modifications were to impair or limit the rights of Noteholders, this may have a negative impact on the market value of the Notes.

By exception to the above provisions, Condition 11(b) (*Contractual Masse*) provides that the provisions of Article L. 228-65 I. 1°, 3° and 4° of the French *Code de commerce* (respectively providing for a prior approval of the General Meeting of any change in corporate purpose or form of the Issuer or of merger (*fusion*) or demerger (*scission*) or of an issue of bonds benefiting from a security (*sûreté réelle*)) and the related provisions of the French *Code de commerce* shall not apply to the Notes. As a result of these exclusions, the prior approval of the Noteholders will not have to be obtained on any such matters which may affect their interests generally.

If the Final Terms specify “No *Masse*”, the Noteholders will not be grouped for the defence of their common interests in a *masse* and the meeting and voting provisions of Condition 11(a) (*No Masse*) will apply.

The Notes may be redeemed prior to maturity

Unless in the case of any particular Tranche of Notes the relevant Final Terms specify otherwise, in the event that the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of France or any authority therein or thereof having power to tax, the Issuer may, and in certain circumstances must, redeem all outstanding Notes in accordance with Condition 6(g) (*Redemption for Taxation Reasons*). An investor might not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed.

2. Risks related to the structure of a particular issue of Notes

Notes subject to early redemption by the Issuer

An optional redemption by the Issuer applicable to the Notes is likely to limit their market value. During any period when the Issuer may elect to redeem the Notes, the market value of such Notes generally will not rise substantially above the price at which they can be redeemed. This may also be true prior to any redemption period.

Pursuant to Condition 6 (*Redemption, Purchase and Cancellation*), and if specified as applicable in the relevant Final Terms, the Issuer may, at its option, redeem in whole or in part the Notes prior to their Maturity Date through the exercise of the Issuer's corresponding option to early redeem the Notes.

In such event, an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. This could have a material adverse effect on the yield of the Notes that could be considerably less than anticipated by the Noteholders.

In addition, any optional redemption of the Notes by the Issuer is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise above the price at which they can be redeemed. This also may be true prior to any redemption period. The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate.

Changes in interest rates may adversely affect the value of the Notes

Investors are exposed to the risk that if interest rates increase after the issuance of the Notes, the value of the Notes could be adversely affected and investors could lose all or part of their investment.

Investors in Fixed Rate Notes (see Condition 5(b) (*Interest on Fixed Rate Notes*)) are exposed to the risk that if interest rates subsequently increase above the rate paid on the Fixed Rate Notes, the value of the Notes could be adversely affected.

Investors in Floating Rate Notes (see Condition 6(c) (*Interest on Floating Rate Notes*)) are exposed to the risk that they cannot anticipate the interest income on the Floating Rate Notes. Due to varying interest income, investors are not able to determine a definite yield for Floating Rate Notes at the time they purchase them, and therefore their investment return cannot be compared with that of investments having longer fixed interest periods and this will adversely affect the value of the Notes.

The regulation and reform of "benchmarks" may adversely affect the value of Notes linked to or referencing such "benchmarks"

In accordance with the provisions of Condition 5(c)(iii)(E) (*Benchmark discontinuation*) and where the applicable Final Terms for a Series of Floating Rate Notes or Fixed/Floating Rate Notes specify that the Rate of Interest for such Notes will be determined by reference to Reference Rates that constitute "benchmarks" (including EURIBOR and SONIA), for the purposes of Regulation (EU) 2016/1011, as amended or supplemented (the "**Benchmarks Regulation**"), published in the Official Journal of the EU on 29 June 2016 and applied since 1 January 2018.

Interest rates and indices which are deemed to be "benchmarks" (including EURIBOR and SONIA) are the subject of recent national and international regulatory guidance and proposals for reforms. Some of these reforms are already effective whilst others are still to be implemented. These reforms may cause such "benchmarks" to perform differently than in the past, to disappear entirely, to be subject to revised calculation methods or to have other consequences which cannot be predicted as of the date of this Base Prospectus. Any such consequence could have a negative impact on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing such a "benchmark".

The Benchmarks Regulation applies to the provision of benchmarks, the contribution of input data to a benchmark and the use of a benchmark within the EEA. Notwithstanding the provisions of Condition 5(c)(iii)(E) (*Benchmark discontinuation*), the Benchmarks Regulation could have a material adverse impact on any Notes linked to or referencing a "benchmark", in particular in any of the following circumstances:

- if the administrator of the relevant benchmark does not obtain authorisation or registration or, if based in a non-EU jurisdiction, such administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply, the relevant benchmark may not be permitted to be used by a supervised entity in certain ways; and
- if the methodology or other terms of the relevant benchmark are changed in order to comply with the requirements of the Benchmarks Regulation, such changes could, among other things, have the effect of reducing or increasing the rate or level or otherwise affecting the volatility of the published rate or level of such benchmark and as a consequence, Noteholders could lose part of their investment.

More broadly, any of the international or national reforms, or the general increased regulatory scrutiny of benchmarks, could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements. Such factors may have the following effects on certain benchmarks (including EURIBOR and SONIA): (i) discourage market participants from continuing to administer or contribute to certain benchmarks; (ii) trigger changes in the rules or methodologies used in certain benchmarks or (iii) lead to the disappearance of certain benchmarks. Any of the above changes or any other consequential changes as a result of international or national reforms or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes or Fixed/Floating Rate Notes linked to or referencing a "benchmark".

If a benchmark were discontinued or otherwise unavailable, the Rate of Interest on Floating Rate Notes or Fixed/Floating Rate Notes which are linked to or which reference such benchmark will be determined for the relevant period by the fallback provisions applicable to such Floating Rate Notes or Fixed/Floating Rate Notes (please refer to the risk factor entitled "*If a Benchmark Event (as further described in Condition 5(c)(iii)(E) (Benchmark discontinuation)) has occurred, the Rate of Interest on the affected Floating Rate Notes will be changed in ways that may be adverse to holders of such Floating Rate Notes, without any requirement that the consent of such holders be obtained*" below). However, such fallback provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained below.

Depending on the manner in which a benchmark is to be determined under the Terms and Conditions, this may in certain circumstances (i) if ISDA Determination or FBF Determination applies, result in the application of a backward-looking, risk-free overnight rate, whereas the relevant benchmark is expressed on the basis of a forward-looking term and includes a risk-element based on inter-bank lending or (ii) if Screen Rate Determination applies, result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have a material adverse effect on the value or liquidity of, and return on, any Notes linked to or referencing a "benchmark".

Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 has amended the existing provisions of the Benchmarks Regulation by extending the transitional provisions applicable to material benchmarks and third-country benchmarks until the end of 2021. The existing provisions of the Benchmarks Regulation were further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021 (the "**Amending Regulation**") which applies since 13 February 2021. The Amending Regulation introduces a harmonised approach to deal with the cessation or wind-down of certain benchmarks by conferring the power to designate a statutory replacement for certain benchmarks on the European Commission, such replacement being limited to contracts and financial instruments. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The European Commission is empowered to further extend this period until the end of 2025, if necessary. Such developments may create uncertainty regarding any future legislative or regulatory requirements arising from the implementation of delegated regulations. These provisions could have a significant negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark.

If EURIBOR or any other benchmark is discontinued, the applicable floating Rate of Interest will be changed in ways that may be adverse to holders of such Notes, without any requirement that the consent of such holders be obtained.

Pursuant to Condition 5(c) (*Interest on Floating Rate Notes*) and 5(e) (*Fixed/Floating Rate Notes*) which applies to any Notes which pay a floating Rate of Interest (including Floating Rate Notes and Fixed/Floating Rate Notes), where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if the relevant reference rate has been discontinued, the fallback arrangements referenced in the Conditions will include the possibility that:

- the relevant Rate of Interest (or, as applicable, component thereof) could be set or, as the case may be, determined by reference to a successor rate or a substitute rate (as applicable); and
- such successor rate or substitute rate (as applicable) may be adjusted (if required).

No consent of the Noteholders shall be required in connection with effecting any successor rate or alternative rate (as applicable) or with any other related adjustments and/or amendments to the Conditions (or any other document) which are made in order to effect any successor rate or alternative rate (as applicable).

The successor or alternative rate (as applicable) may have no or very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor or alternative rate (as applicable) and the involvement of a Reference Rate Determination Agent, the fallback

provisions may not operate as intended at the relevant time and the successor or alternative rate (as applicable) may perform differently from the discontinued benchmark. These could significantly affect the performance of a successor or alternative rate (as applicable) compared to the historical and expected performance of EURIBOR or the applicable benchmark.

Any change or adjustment applied to any Series of Notes may not adequately compensate for this impact. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favorable to each Noteholder. This could in turn impact the Rate of Interest on, and trading value of, the affected Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the relevant reference rate may find their hedges to be ineffective, and they may incur costs replacing such hedges with instruments tied to the successor or alternative rate (as applicable).

In certain circumstances, the ultimate fallback for a particular Interest Period, including where no successor or alternative rate (as applicable) is determined, may be that the Rate of Interest for the last preceding Interest Period is used for the following Interest Period. This may result in the effective application of a fixed rate for Floating Rate Notes and Fixed/Floating Rate Notes (as applicable).

Furthermore, in the event that no successor or alternative rate (as applicable) is determined and the affected Notes are effectively converted to fixed-rate Notes as described above, investors holding such Notes might incur costs from unwinding hedges. Moreover, in a rising interest rate environment, holders of such Notes will not benefit from any increase in rates. The trading value of such Notes could therefore be adversely affected. There is a high probability that certain interbank offered rates will cease to exist or undergo changes that could increase the likelihood of the risks set out above materialising.

Risks associated with Notes that reference SONIA or €STR as the Reference Rate

The market continues to develop in relation to risk free rates (including overnight rates) which are possible reference rates for Floating Rate Notes. Condition 5(c) (*Interest on Floating Rate Notes*) allows Floating Notes referencing risk free rates to be issued, such as the Euro Short-term Rate ("€STR") and the Sterling Overnight Index Average ("SONIA"), as reference rates in the capital markets for euro or sterling bonds, as applicable, and their adoption as alternatives to the relevant interbank offered rates.

Such risk free rates have a limited performance history and the future performance of such risk free rates is impossible to predict. As a consequence, no future performance of the relevant risk free rate or of Floating Rate Notes referencing such risk free rate may be inferred from any of the hypothetical or actual historical performance data. In addition, risk free rates may behave materially differently to interbank offered rates as interest reference rates.

Interest is calculated on the basis of the compounded risk free rate or an arithmetic average of the risk free rate, using the relevant specific formula set out in the Terms and Conditions. In addition, market conventions for calculating the interest rate for Floating Rate Notes referencing risk free rates continue to develop and market participants and relevant working groups are exploring alternative reference rates based on risk free rates. Accordingly, the specific formula for calculating the rate used in the Floating Rate Notes issued under the Base Prospectus may not be widely adopted by other market participants, if at all.

Furthermore, the market or a significant part thereof may adopt an application of risk free rates that differs significantly from that set out in the Terms and Conditions and used in relation to Floating Rate Notes that reference a risk free rate issued under this Base Prospectus. The Issuer may in the future issue Floating Rate Notes referencing €STR or SONIA in a way that differs materially in terms of interest determination when compared with any previous Floating Rate Notes issued by the Issuer referencing €STR or SONIA. If the market adopts a different calculation method, that could adversely affect the market value of Floating Rate Notes issued under the Programme.

The nascent development of the use of €STR or SONIA as interest reference rates for bond markets, as well as continued development of €STR-, or SONIA-based rates for such markets and of the market infrastructure for adopting such rates, could result in reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Notes.

Interest on Floating Rate Notes which reference a risk free rate is only capable of being determined shortly prior to the relevant Interest Payment Date. It may be difficult for investors in Floating Rate Notes which reference such risk free rates to reliably estimate the amount of interest which will be payable on such Floating Rate Notes.

Each risk free rate is published and calculated by third parties based on data received from other sources and the Issuer has no control over their respective determinations, calculations or publications. In addition, as €STR is published by the European Central Bank and SONIA is published by the Bank of England, the Issuer has no control over their determination, calculation or publication. €STR or SONIA may be discontinued or fundamentally altered in a manner that is materially adverse to the interests of Noteholders. There is a risk that the relevant risk free rate will be discontinued or fundamentally altered in a manner that is materially adverse to the interests of investors in Floating Rate Notes linked to, or which reference, such risk free rate (or that any applicable benchmark fallback provisions provided for in the Terms and Conditions will provide a rate which is economically equivalent for Noteholders). If the manner in which the relevant risk free rate is calculated is changed, that change may result in a reduction of the amount of interest payable on such Floating Rate Notes and the trading prices of such Floating Rate Notes.

Any mismatch between the adoption of such risk free rates in the bond, loan and derivatives markets may impact any hedging or other financial arrangements which Noteholders may put in place in connection with any acquisition, holding or disposal of any Floating Rate Notes.

If a Benchmark Event (as further described in Condition 5(c)(iii)(E) (*Benchmark discontinuation*)) has occurred, the Rate of Interest on the affected Floating Rate Notes will be changed in ways that may be adverse to holders of such Floating Rate Notes, without any requirement that the consent of such holders be obtained

Pursuant to the terms and conditions of any applicable Floating Rate Notes, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the Issuer will be required to use reasonable efforts to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (which may be an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise) and the Adjustment Spread.

Such Successor Rate or Alternative Rate and any such other changes will (in the absence of manifest error) be final and binding on the Noteholders, the Issuer, the Calculation Agent, the Fiscal Agent and any other person and each Noteholder shall be deemed to have accepted the Replacement Reference Rate and such related changes and adjustments which will thenceforth apply to the relevant Floating Rate Notes.

The Successor Rate or Alternative Rate may have no or a very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time and the replacement rate may perform differently from the discontinued rate. Any regulatory changes could significantly affect the performance of a successor or alternative rate (as applicable) compared to the historical and expected performance of EURIBOR or any other applicable benchmark.

Any change or adjustment applied to any Series of Floating Rate Notes may not adequately compensate for this impact. Any such adjustment could have unexpected commercial consequences and, due to the particular circumstances of each Noteholder, any such adjustment may not be favourable to each Noteholder. This could in turn impact the Rate of Interest on, and trading value of, the affected Floating Rate Notes. Moreover, any holders of such Notes that enter into hedging instruments based on the Reference Rate may find their hedges to be ineffective, and they may incur costs in unwinding such hedges and replacing them with instruments tied to the Replacement Reference Rate.

The market continues to develop in relation to risk free rates (including overnight rates such as SONIA) as reference rates for Floating Rate Notes and Fixed/Floating Rate Notes

Condition 5(c) (*Interest on Floating Rate Notes*) allows Notes referencing the Sterling Overnight Index Average ("SONIA") to be issued. Currently, the market continues to develop in relation to the adoption of SONIA as an alternative reference rate to LIBOR. The market may adopt an application of SONIA that differs significantly from the provisions set out in Condition 5(c) (*Interest on Floating Rate Notes*) and used in relation to Notes with a floating Rate of Interest that reference a SONIA rate.

The nascent development of these overnight risk-free rates as interest reference rates for the Eurobond markets, as well as continued development of such rates for such markets and the market infrastructure for adopting such rates, could result in a reduced liquidity or increased volatility or could otherwise affect the market price of the Floating Rate Notes or Fixed/Floating Rate Notes. The return on and value of Notes that reference a SONIA rate may fluctuate more than Notes that are linked to less volatile rates. Since overnight risk-free rates are relatively new market indexes, the Notes will likely have no established trading market when issued, and an established trading market may never develop or may not be very liquid. Investors in the Notes may not be able to sell the Notes at all or may not be able to sell the Notes at prices that will provide them with a yield comparable to similar investments that have a developed secondary market, and may consequently suffer from increased pricing volatility and market risk.

Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant interest period and immediately prior to the relevant Interest Payment Date and it could be difficult for investors to estimate in advance the interest amount which will be payable on such Notes.

Fixed/Floating Rate Notes

Condition 5(e) (*Fixed/Floating Rate Notes*) may bear interest at a rate that will automatically, or that the Issuer may elect to, convert from a fixed rate to a floating rate, from a floating rate to a fixed rate. The spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate may at any time be lower than the rates on the Issuer's other outstanding Notes. If a floating rate is converted to a fixed rate, the fixed rate may be lower than then prevailing rates on the Issuer's other outstanding Notes. The conversion of the interest rate may affect the market yield of the Notes. Movements in the market spread could negatively affect the price of the Notes and could lead to losses for Noteholders.

Zero Coupon Notes and Notes issued at a substantial discount or premium

The Issuer may issue Zero Coupon Notes (as further described in Condition 5(d) (*Zero Coupon Notes*)) and Notes issued at a substantial discount or premium from their nominal amount. The market value of such Notes tends to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the Notes, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a negative effect on the value of the Notes.

The use of proceeds from Notes identified as Green and Positive Impact Notes in the Final Terms may not be suitable for an investor's specific investment criteria

The Final Terms relating to any specific Tranche of Notes may provide that it will be the Issuer's intention to apply an amount equal to the net proceeds of the issue of "green and positive impact" Notes (the "Green and Positive Impact Notes") to finance or refinance exclusively projects relating to Eligible vehicles (such projects the "Eligible vehicles"), that contribute to the development of clean transportation and the transition to a low carbon future in accordance with the eligibility criteria set out in the green and positive impact bonds framework, as amended and supplemented from time to time (the "Framework") which is available on the website of the Issuer:

https://www.aldautomotive.com/LinkClick.aspx?fileticket=PC0PfZav3Hg%3d&portalid=17&language=en_US×tamp=1654690993215) and as specified in the relevant Final Terms.

Prospective investors should have regard to the information set out in the relevant Final Terms and the Framework regarding such use of proceeds and must determine for themselves the relevance of such

information for the purpose of any investment in such Green and Positive Impact Notes together with any other investigation such investor deems necessary. In particular, the Eligible vehicles (as indicated in the "Reasons for the offer" paragraph in the relevant Final Terms and as more fully described in the Framework) may not satisfy, whether in whole or in part, any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply, whether by virtue of any present or future applicable law or regulations or by virtue of its own by-laws or other governing rules or investment portfolio mandates.

It should be noted that there is no market consensus as to what constitutes, a "positive impact" project and as to what constitutes, a "green", "sustainable" or an equivalently-labelled project. A basis for the determination of such a definition has been established in the European Union with the adoption on 18 June 2020 of Regulation (EU) No. 2020/852 on the establishment of a framework to facilitate sustainable investment by the Council and the European Parliament (the "Taxonomy Regulation"). The Taxonomy Regulation establishes a single EU-wide classification system, or "taxonomy", which provides companies and investors with a common language for determining which economic activities can be considered environmentally sustainable. The Commission Delegated Regulation (EU) 2021/2139 of 4 June 2021 supplementing the Taxonomy Regulation by establishing criteria for determining which economic activities can be considered environmentally sustainable (i.e. activities that contribute substantially to climate change mitigation or adaptation) entered into force on 1 January 2022. However, the Taxonomy Regulation remains subject to further developments with regard to specific economic activities, such as the inclusion of nuclear power as "transitional" energy. In light of the continuing development of legal, regulatory and market conventions in the green, sustainable and positive social impact markets, there is a risk that the Eligible Projects (as defined in the "Reasons for the offer" paragraph in the relevant Final Terms) will not satisfy, whether in whole or in part, any future legislative or regulatory requirements, or any present or future investor expectations or requirements as regards any investment criteria or guidelines with which such investor or its investments are required to comply.

Any opinion or certification of any other third party (whether or not solicited by the Issuer) which may be made available in connection with the issue of any Green and Positive Impact Notes and in particular with any project, to fulfil any environmental and/or other criteria may not be suitable or reliable for any purpose whatsoever. Currently, the providers of such opinions and certifications are not subject to any specific regulatory or other regime or oversight. Any such opinion or certification is not, nor should it be treated or considered as, a recommendation by the Issuer or any other person to buy, sell or hold any such Green and Positive Impact Notes.

While it is the intention of the Issuer to apply the proceeds of any Green and Positive Impact Notes in, or substantially in, the manner described in the relevant Final Terms and the Framework, (i) the relevant asset or use(s) the subject of, or related to, any asset, may not be capable of being implemented in or substantially in such manner and/or in accordance with any specified timing schedule or (ii) such proceeds may not be totally or partially disbursed for the purposes of such asset. Such asset may not be completed within any specified period or even at all or with the results or outcome (whether or not related to the "positive impact" aspect) as originally expected or anticipated by the Issuer. Any such event or failure by the Issuer will not give rise to any right of a Noteholder to request the early redemption, purchase or acceleration of the Green and Positive Impact Notes held by it.

Any such event may have a material adverse effect on the value of such Notes and also potentially the value of any other Notes which are intended to finance such projects and/or result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose and, consequently, Noteholders could be adversely affected.

The Dealers have not undertaken, nor are responsible for, any assessment of the eligibility criteria, any verification of whether the Green and Positive Impact Notes meet the eligibility criteria, or the monitoring of the use of proceeds, required by prospective investors. Investors should refer to the Issuer's website (<https://www.aldautomotive.com/LinkClick.aspx?fileticket=PCOPfZav3Hg%3d&portalid=17&language=en-US×tamp=1654690993215>) or any second party opinion.

Risks relating to Renminbi-denominated Notes

Notes denominated in Renminbi ("**Renminbi Notes**") contain particular risks for potential investors, including the following:

Renminbi is not freely convertible; there are significant restrictions on remittance of Renminbi into and outside the PRC which may adversely affect the liquidity of Renminbi Notes

Renminbi is not freely convertible at present. The government of the PRC (the "**PRC Government**") continues to regulate conversion between Renminbi and foreign currencies, including the Hong Kong dollar.

However, there has been significant reduction in control by the PRC Government in recent years, particularly over trade transactions involving import and export of goods and services as well as other frequent routine foreign exchange transactions. These transactions are known as current account items.

Subject to the prior receipt of all necessary governmental approvals, the relevant Issuer may remit the net proceeds from the offering of Renminbi Notes into the PRC. Such approvals may not be granted and, if granted, will not be revoked or amended in the future.

Remittance of Renminbi into and out of the PRC for the settlement of capital account items, such as capital contributions, debt financing and securities investment, is generally only permitted upon obtaining specific approvals from, or completing specific registrations or filings with, the relevant authorities on a case-by-case basis and is subject to a strict monitoring system. Regulations in the PRC on the remittance of Renminbi into and out of the PRC for settlement of capital account items are being adjusted from time to time to match the policies of the PRC Government.

In the event that the relevant Issuer decides to remit some or all of the proceeds into the PRC in Renminbi, its ability to do so will be subject to obtaining all necessary approvals from and registration with the relevant PRC government authorities. However, the necessary approvals from and registration with the relevant PRC government authorities may not be obtained at all or, if obtained, they will not be revoked or amended in the future.

Although the People's Bank of China ("**PBoC**") has implemented policies improving accessibility to Renminbi to settle cross-border transactions in the past, the PRC Government may not liberalise control over cross-border remittance of Renminbi in the future, that the schemes for Renminbi cross-border utilisation will not be discontinued or that new regulations in the PRC will not be promulgated in the future which have the effect of restricting or eliminating the remittance of Renminbi into or out of the PRC. Despite the Renminbi internationalisation pilot programme and efforts in recent years to internationalise the currency, the PRC Government may not impose interim or long-term restrictions on the cross-border remittance of Renminbi. In the event that funds cannot be repatriated outside the PRC in Renminbi, this may affect the overall availability of Renminbi outside of the PRC and the ability of the Issuer to source Renminbi to finance its obligations under Renminbi Notes.

There is only limited availability of Renminbi outside the PRC, which may affect the liquidity of Renminbi Notes and the Issuer's ability to source Renminbi outside the PRC to service such Renminbi Notes

As a result of the restrictions by the PRC Government on cross-border Renminbi fund flows, the availability of Renminbi outside the PRC is limited.

Although it is expected that the offshore Renminbi market will continue to grow in depth and size, its growth is subject to many constraints as a result of PRC laws and regulations on foreign exchange. The new PRC regulations may not be promulgated or current regulations (including but not limited to the settlement arrangements between the PBoC and certain financial institutions in respect of limited clearing or Renminbi outside of the PRC) may be terminated or amended in the future which will have the effect of restricting availability of Renminbi outside the PRC. The limited availability of Renminbi outside the PRC may affect the liquidity of the Renminbi Notes. To the extent the Issuer is required to source Renminbi in the offshore market to service its Renminbi Notes, the Issuer may not be able to source such Renminbi on satisfactory terms, if at all.

Investment in Renminbi Notes is subject to exchange rate risks

All payments of interest and principal will be made in Renminbi with respect to Renminbi Notes unless otherwise specified. The value of Renminbi against other foreign currencies fluctuates from time to time and is affected by changes in the PRC and international political and economic conditions as well as many other factors. The PBoC has in recent years implemented changes to the way it calculates the Renminbi's daily mid-point against the U.S. dollar to take into account market-maker quotes. This change, and others that may be implemented, may increase the volatility in the value of the Renminbi against foreign currencies. As a result, the value of these Renminbi payments may vary with the changes in the prevailing exchange rates in the marketplace. If the value of Renminbi depreciates against another foreign currency, the value of the investment made by a holder of the Renminbi Notes in that foreign currency will decline.

Investment in Renminbi Notes is subject to currency risks

If the Issuer is not able, or it is impracticable for it, to satisfy its obligation to pay interest and principal on the Renminbi Notes as a result of Inconvertibility, Non-transferability or Illiquidity (each, as defined in the Conditions), the Issuer shall be entitled, on giving not less than five or more than 30 calendar days' irrevocable notice to the investors prior to the due date for payment, to settle any such payment in U.S. Dollars on the due date at the U.S. Dollar Equivalent (as defined in the Conditions) of any such interest or principal, as the case may be. Should the Issuer resort to using U.S. Dollars to respect its payment obligations under the RMB Notes, the relevant Noteholders may lose part of their investment when converting such currency back into Renminbi, depending on the prevailing exchange rate at that time.

Payments with respect to the Renminbi Notes may be made only in the manner designated in the Renminbi Notes

All payments to investors in respect of the Renminbi Notes will be made solely by transfer to a Renminbi bank account maintained in Hong Kong in accordance with the prevailing rules and regulations for such transfer and in accordance with the Conditions of the Renminbi Notes. The Issuer cannot be required to make payment by any other means (including in any other currency or by transfer to a bank account in the PRC). For persons holding Renminbi Notes through Euroclear France, Euroclear or Clearstream payments will also be made subject to the procedures of Euroclear France, Euroclear or Clearstream as applicable. If the custody and holding arrangements with respect to an investor's Renminbi Notes do not comply with the foregoing, such investors will be may not receive timely payment under Renminbi Notes which would negatively affect such investors' return.

Gains on the transfer of the Renminbi Notes may become subject to income taxes under PRC tax laws

Under the *PRC Enterprise Income Tax Law* and the relevant implementing rules, as amended from time to time, any gain realised on the transfer of Renminbi Notes by non-PRC resident enterprise may be subject to PRC enterprise income tax ("**EIT**") if such gain is regarded as income derived from sources within the PRC. The *PRC Enterprise Income Tax Law* levies EIT at the rate of 20 per cent. of the PRC-sourced gains derived by such non-PRC resident enterprise holder from the transfer of Renminbi Notes but its implementation rules have reduced the EIT rate to 10 per cent.

However, uncertainty remains as to whether the gain realised from the transfer of Renminbi Notes by non-PRC resident enterprise or individual holders would be treated as income derived from sources within the PRC and become subject to the EIT. This will depend on how the PRC tax authorities interpret, apply or enforce the *PRC Enterprise Income Tax Law* and the relevant implementing rules. According to the arrangement between the PRC and Hong Kong, for avoidance of double taxation, Holders who are residents of Hong Kong, including enterprise holders and individual holders, will not be subject to EIT on capital gains derived from a sale or exchange of the Notes.

Therefore, if non-PRC enterprise or individual resident holders are required to pay PRC income tax on gains derived from the transfer of Renminbi Notes, unless there is an applicable tax treaty between PRC and the jurisdiction in which such non-PRC enterprise resident holders of Renminbi Notes reside that reduces or exempts the relevant EIT, the value of their investment in Renminbi Notes may be materially and adversely affected.

2.3. Risks related to the market of the Notes

Set out below is a brief description of the principal market risks, including liquidity risk, exchange rate risk, interest rate risk and credit risk:

Market value of the Notes

The market value of the Notes will be affected by the creditworthiness and/or the credit rating of the Issuer and a number of additional factors, including, the market interest and yield rates and the time remaining to the maturity date.

The value of the Notes that may be listed on Euronext Paris or any other regulated market depends on several interrelated factors, including economic, financial and political events in France and elsewhere, including factors affecting capital markets generally and the stock exchanges on which the Notes are traded. The price at which a Noteholder may sell the Notes prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser. Therefore, Noteholders may lose all or part of their investment in the Notes.

Liquidity risks/trading market for the Notes

Notes may have no established trading market when issued, and an active trading market may not develop in the future. If a market does develop, it may not be very liquid. The liquidity and the market prices for the Notes can be expected to vary with changes in market and economic conditions, the Issuer's financial condition and prospects and other factors that generally influence the market prices of securities. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. Illiquidity may have a severely adverse effect on the market value of Notes.

Moreover, although the Issuer can purchase Notes at any moment pursuant to Condition 8(1) of the Terms and Conditions, this is not an obligation for the Issuer. Purchases made by the Issuer could affect the liquidity of the secondary market of the relevant Notes and thus the price and the conditions under which investors can negotiate these Notes on the secondary market.

If the Final Terms provide that application is made for a Series of Notes issued under the Programme to be listed on Euronext Paris, such particular application may not be accepted, that such Series of Notes will be so admitted or that an active trading market in respect of such Series will develop or that, once accepted and/or admitted, such admission and/or listing will not be suspended or terminated during the life of the Notes of such Series. Such situation could materially affect the market value of the Notes.

Changes in exchange rate and exchange controls could result in a substantial loss

This Programme allows for Notes to be issued in a Specified Currency as defined in Condition 2(a). The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may change significantly (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (i) the Investor's Currency-equivalent yield on the Notes, (ii) the Investor's Currency-equivalent value of the principal payable on the Notes and (iii) the Investor's Currency-equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal as measured in the Investor's Currency.

Any supplement to the Base Prospectus shall be (a) published on the websites of the AMF (www.amf-france.org) and the Issuer (www.aldautomotive.fr) and (b) available for inspection and obtainable, upon request and free of charge, during usual business hours, on any weekday at the registered office of the Issuer.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions (the "**Terms and Conditions**") that, subject to completion in accordance with the provisions of Part A of the relevant Final Terms, shall be applicable to the Notes. In the case of Dematerialised Notes, the text of the Terms and Conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by Part A of the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these Terms and Conditions together with the relevant provisions of Part A of the Final Terms or (ii) these Terms and Conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed or attached on Definitive Materialised Bearer Notes. All capitalised terms that are not defined in these Terms and Conditions will have the meanings given to them in Part A of the relevant Final Terms. References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below. References in the Conditions to "**Notes**" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by ALD (the "**Issuer**") in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical save as to the issue date, issue price, first payment of interest and nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (including, without limitation, the aggregate nominal amount, issue price, redemption price thereof and interest, if any, payable thereunder) will be determined by the Issuer and the relevant Dealer(s) at the time of the issue and will be set out in the final terms of such Tranche (the "**Final Terms**").

An agency agreement dated 31 August 2022 has been agreed between the Issuer, Société Générale as fiscal agent and the other agents named in it (as amended or supplemented from time to time, the "**Agency Agreement**"). The fiscal agent, the paying agents, the redenomination agent, the consolidation agent and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent), the "**Redenomination Agent**", the "**Consolidation Agent**" and the "**Calculation Agent(s)**").

For the purpose of these Terms and Conditions, "**Regulated Market**" means any regulated market situated in a Member State of the European Economic Area ("**EEA**") as defined in the Markets in Financial Instruments Directive 2014/65/EU, as amended from time to time.

1. **Form, Denomination(s), Title, Redenomination**

- (a) **Form:** Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**").
 - (i) Title to Dematerialised Notes will be evidenced in accordance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier* by book entries (*inscriptions en compte-titres*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes.

Dematerialised Notes are issued, at the option of the Issuer and as specified in the relevant final terms ("**Final Terms**"), in either bearer dematerialised form (*au porteur*), which will be inscribed in the books of Euroclear France ("**Euroclear France**") (acting as central depositary) which shall credit the accounts of Account Holders, or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder in either administered registered form (*au nominatif administré*) inscribed in the books of an Account Holder or in fully registered form (*au nominatif pur*) inscribed in an account in the books of Euroclear France maintained by the Issuer or the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer (the "**Registration Agent**").

Unless this option is expressly excluded in the relevant Final Terms in accordance with the provisions of Article L.228-2 of the French *Code de commerce*, the Issuer may at any time request from the central depository the following identification information of the holders of Dematerialised Notes in bearer form (*au porteur*): the name or the company name, nationality, date of birth or year of incorporation and mail address or, as the case may be, e-mail address as well as the quantity of Notes held by each of them and any restrictions applicable to the Notes.

For the purpose of these Terms and Conditions, "**Account Holder**" means any financial intermediary institution entitled to hold, directly or indirectly, accounts on behalf of its customers with Euroclear France, and includes Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking S.A. ("**Clearstream**").

- (ii) Materialised Notes are issued in bearer form ("**Materialised Bearer Notes**"). Materialised Bearer Notes are serially numbered and are issued with coupons (each, a "**Coupon**") and, where appropriate, a talon (a "**Talon**") attached, save in the case of Zero Coupon Notes in which case references to interest (other than in relation to interest due after the Maturity Date), Coupons and Talons in these Conditions are not applicable.

In accordance with Articles L.211-3 et seq. and R.211-1 et seq. of the French Code monétaire et financier, securities (such as Notes) which are governed by French law and are in materialised form must be issued outside the French territory.

*The Notes may be "**Fixed Rate Notes**", "**Floating Rate Notes**", "**Fixed/Floating Rate Notes**", "**Zero Coupon Notes**", or a combination of any of the foregoing, depending on the Interest Basis and the redemption method specified in the relevant Final Terms.*

- (b) **Denomination(s)**: Notes shall be issued in the specified denomination(s) as set out in the relevant Final Terms (the "**Specified Denomination(s)**") save that the minimum denomination of each Note admitted to trading on a Regulated Market in circumstances which require the publication of a Base Prospectus under the Regulation (EU) 2017/1129 of 14 June 2017, as amended (the "**Prospectus Regulation**") will be €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date) or such other higher amount as may be allowed or required from time to time by the relevant central bank (or equivalent body) or any laws or regulations applicable to the relevant Specified Currency.

Unless permitted by the then current laws and regulations, Notes (including Notes denominated in Sterling) which have a maturity of less than one (1) year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the Financial Services and Markets Act 2000 must have a minimum redemption amount of £ 100,000 (or its equivalent in other currencies).

Dematerialised Notes shall be issued in one Specified Denomination only.

- (c) **Title:**

- (i) Title to Dematerialised Notes in bearer dematerialised form (*au porteur*) and in administered registered form (*au nominatif administré*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of Account Holders. Title to Dematerialised Notes in fully registered form (*au nominatif pur*) shall pass upon, and transfer of such Notes may only be effected through, registration of the transfer in the accounts of the Issuer or the Registration Agent.

- (ii) Title to Materialised Bearer Notes in definitive form having, where appropriate, Coupons and/or a Talon attached thereto on issue ("**Definitive Materialised Bearer Notes**"), shall pass by delivery.
 - (iii) Except as ordered by a court of competent jurisdiction or as required by law, the Holder of any Note (as defined below), Coupon or Talon shall be deemed to be and may be treated as its absolute owner for all purposes, whether or not it is overdue and regardless of any notice of ownership, or an interest in it, any writing on it or its theft or loss and no person shall be liable for so treating the Holder.
 - (iv) In these Terms and Conditions, "**Holder**", "**Holder of Notes**" or "**Holder of any Note**", or "**Noteholder**" means (i) in the case of Dematerialised Notes, the person whose name appears in the account of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) as being entitled to such Notes and (ii) in the case of Materialised Notes, the bearer of any Definitive Materialised Bearer Note, Coupons ("**Couponholder**"), or Talon relating to it, and capitalised terms have the meanings given to them in the relevant Final Terms, the absence of any such meaning indicating that such term is not applicable to the Notes.
- (d) **Redenomination**
- (i) The Issuer may (if so specified in the relevant Final Terms), on any Interest Payment Date, without the consent of the Holder of any Note, Coupon or Talon, by giving at least 30 calendar days' notice in accordance with Condition 14 (*Notices*) and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the "**EC**"), as amended from time to time (the "**Treaty**")), or events have occurred which have substantially the same effects (in either case, "**EMU**"), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate nominal amount and the Specified Denomination(s), set out in the relevant Final Terms accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Terms and Conditions as the "**Redenomination Date**".
 - (ii) The redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the nominal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to applicable regulations of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the nominal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in accordance with Condition 14 (*Notices*). Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer. For the avoidance of doubt, the minimum denomination of each redenominated Note shall not be less than €100,000 (or, if the Notes are denominated in a currency other than euro, the equivalent amount in such currency at the issue date).
 - (iii) Upon redenomination of the Notes, any reference in the relevant Final Terms to the relevant national currency shall be construed as a reference to Euro.

- (iv) The Issuer may, with the prior approval of the Redenomination Agent and the Consolidation Agent, in connection with any redenomination pursuant to this Condition or any consolidation pursuant to Condition 13 (*Further Issues and Consolidation*), without the consent of the Holder of any Note, Coupon or Talon, make any changes or additions to these Terms and Conditions or Condition 13 (*Further Issues and Consolidation*) (including, without limitation, any change to any applicable business day definition, business day convention, principal financial centre of the country of the Specified Currency, interest accrual basis or benchmark), taking into account market practice in respect of redenominated euromarket debt obligations and which it believes are not prejudicial to the interests of such Holders. Any such changes or additions shall, in the absence of manifest error, be binding on the Holders of Notes, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 14 (*Notices*) as soon as practicable thereafter.
- (v) Neither the Issuer nor any Paying Agent shall be liable to the Holder of any Note, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

2. **Conversion and Exchanges of Notes**

(a) **Dematerialised Notes**

- (i) Dematerialised Notes issued in bearer dematerialised form (*au porteur*) may not be converted into Dematerialised Notes in registered dematerialised form, whether in fully registered form (*au nominatif pur*) or in administered registered form (*au nominatif administré*).
- (ii) Dematerialised Notes issued in registered dematerialised form (*au nominatif*) may not be converted into Dematerialised Notes in bearer dematerialised form (*au porteur*).
- (iii) Dematerialised Notes issued in fully registered form (*au nominatif pur*) may, at the option of the Noteholder, be converted into Notes in administered registered form (*au nominatif administré*), and vice versa. The exercise of any such option by such Noteholder shall be made in accordance with Article R.211-4 of the French *Code monétaire et financier*. Any such conversion shall be effected at the cost of such Noteholder.

(b) **Materialised Notes**

Materialised Bearer Notes of one Specified Denomination may not be exchanged for Materialised Bearer Notes of another Specified Denomination.

3. **Status of the Notes**

The provisions relating to “Linear Interpolation” set out in the 2021 ISDA Definitions shall apply to an ISDA Rate where “2021 ISDA Definitions Linear Interpolation” is specified as applicable in the applicable Final Terms. For such purpose, references to “Relevant Rate” under the 2021 ISDA Definitions shall be deemed to be references to the ISDA Rate

If no ECB Recommended Rate has been recommended before the end of the first TARGET Business Day following the date on which the €STR Index Cessation Event occurs, then the rate of €STR for each TARGET Business Day in the relevant Observation Period occurring on or after the €STR Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

If an ECB Recommended Rate has been recommended and both an ECB Recommended Rate Index Cessation Event and an ECB Recommended Rate Index Cessation Effective Date subsequently occur, then the rate of €STR for each TARGET Business Day in the relevant Observation Period occurring on or after that ECB Recommended Rate Index Cessation Effective Date will be determined as if references to €STR were references to the Modified EDFR.

Any substitution of the €STR, as specified above, will remain effective for the remaining term to maturity of the Notes and shall be published by the Issuer in accordance with Condition 14 (*Notices*).

In the event that the Rate of Interest cannot be determined in accordance with the foregoing provisions by the Calculation Agent, (i) the Rate of Interest shall be that determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum Rate of Interest or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to the relevant Interest Accrual Period in place of the Margin or Maximum Rate of Interest or Minimum Rate of Interest relating to that last preceding Interest Accrual Period) or (ii) if there is no such preceding Interest Determination Date, the Rate of Interest shall be determined as if the rate of €STR for each TARGET Business Day in the relevant Observation Period occurring on or after such €STR Index Cessation Effective Date were references to the latest published ECB Recommended Rate or, if EDFR is published on a later date than the latest published ECB Recommended Rate, the Modified EDFR.

Where Linear Interpolation is specified in the relevant Final Terms in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates based on the relevant FBF Rate (if specified as applicable in the relevant Final terms), the relevant Floating Rate Option (where ISDA Determination is specified in the relevant Final Terms) or the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms), one of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Accrual Period and the other of which shall be determined as if the Applicable Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Accrual Period provided however that if there is no rate available for the period of time next shorter or, as the case may be, next longer, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any remaining Rate of Interest (or any component part thereof) to be determined by reference to such Original Reference Rate, then the following provisions shall apply and shall prevail over other fallbacks specified in Condition 5(c)(iii)(C) (*Screen Rate Determination for Floating Rate Notes*). For the avoidance of doubt, the following provisions shall not apply and shall not prevail over other fallbacks specified in Conditions 5(c)(iii)(A) (*FBF Determination for Floating Rate Notes*), 5(c)(iii)(B) (*ISDA Determination for Floating Rate Notes*) and shall not apply to SONIA or €STR.

(a) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(c)(iii)(E)(b) (*Successor Rate or Alternative Rate*) below) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(c)(iii)(E)(c) (*Adjustment Spread*) below) and any Benchmark Amendments, if any (in accordance with Condition 6(c)(iii)(E)(d) (*Benchmark Amendments*) below).

In making such determination, the Independent Adviser appointed pursuant to this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) shall act in good faith and in a commercially reasonable manner as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for

determining the Rate of Interest specified in the relevant Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(c)(iii)(E) (*Benchmark discontinuation*).

(b) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (A) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E)(c) (*Adjustment Spread*)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*)); or
- (B) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(c)(iii)(E)(c) (*Adjustment Spread*)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*)).

(c) Adjustment Spread

If the Independent Adviser, acting in good faith and in a commercially reasonable manner determines (A) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (B) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate(s) of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

The determination of any Adjustment Spread by the Independent Adviser shall not affect the application, with respect to a particular Interest Period, of the Margin specified as applicable to such Interest Period in the Final Terms.

(d) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are strictly necessary to ensure the proper operation of such Successor Rate, Alternative Rate or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(c)(iii)(E)(e) (*Benchmark Amendments*), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions to give effect to such Benchmark Amendments with effect from the date specified in such notice.

The Benchmark Amendments referred to above, determined by the Independent Adviser as appropriate to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread, (i) shall only relate to the terms, notions and definitions used in this Condition 5 (*Interest and other Calculations*), to the exclusion of any commercial terms relating to the Issuer and reflected in other Conditions, and (ii) shall only be made, in accordance with customary market usage in the international debt capital markets, to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders.

(e) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14 (*Notices*), the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(c)(iii)(E) (*Benchmark discontinuation*). Such notice shall be irrevocable and binding and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error) in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(f) Survival or Original Reference Rate

Without prejudice to the Issuer's obligations under the provisions of this Conditions 5(c)(iii)(E), the Original Reference Rate and the fallback provisions provided for in Condition 5(c)(iii) will continue to apply unless and until the party responsible for determining the Rate of Interest has been notified of the Successor Rate or the Alternative Rate (as the case may be), and of any Adjustment Spread and/or Benchmark Amendments.

(g) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the fallbacks for the Original Reference Rate specified in Condition 5(c)(iii)(C), namely the Rate of Interest determined on the last preceding Interest Determination Date will continue to apply to such determination (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(c)(iii)(E) (*Benchmark discontinuation*), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(c)(iii)(E) (*Benchmark discontinuation*) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions including, for the avoidance of doubt, the fallbacks specified in Condition 5(c)(iii)(E) (*Benchmark discontinuation*), will continue to apply in accordance with their terms). This may result in the Rate of Interest determined as at the last preceding Interest Determination Date being the Rate of Interest for the Interest Period in question.

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice (i.e. the Make-Whole Redemption Date) in accordance with this Condition.

For the purposes of this Condition, the following defined terms shall have the meanings set out below:

"Make-Whole Redemption Amount" means an amount calculated by the Calculation Agent and will be the greater of (x) 100 per cent. of the nominal amount of the Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes up to the Optional Redemption Date specified in the relevant Final Terms in respect of the Residual Maturity Call Option in accordance with Condition 6(d) (*Residual Maturity Call Option*) (excluding any interest accrued on the Notes to, but excluding, the relevant Make-Whole Redemption Date) discounted to the relevant Make-Whole Redemption Rate plus a Make-Whole Redemption Margin, plus in each case, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

"Make-Whole Redemption Margin" means the margin specified as such in the relevant Final Terms.

"Make-Whole Redemption Rate" means (i) the average of the four quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security on the fourth Business Day preceding the Make-Whole Redemption Date at 11:00 a.m. (Central European Time ("CET")) ("**Reference Dealer Quotation**") or (ii) the Reference Screen Rate, as specified in the relevant Final Terms. The Make-whole Redemption Rate will be notified by the Issuer in accordance with Condition 14 (*Notices*).

"Reference Dealers" means each of the four banks selected by the Calculation Agent (or such other agent with appropriate expertise appointed by the Issuer, as specified in the Final Terms) which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues, or such other banks or method of selection of such banks as specified in the Final Terms.

"Reference Screen Rate" means the screen rate specified as such in the relevant Final Terms.

"Similar Security" means a reference bond or reference bonds issued by the same issuer as the Reference Security having an actual or interpolated maturity comparable with the remaining term

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

In the case of a partial redemption, the relevant provision of Condition 6(c) (*Redemption at the Option of the Issuer*) shall apply *mutatis mutandis* to this Condition 6(b) (*Make-Whole Call Option*).

- (c) **Redemption at the Option of the Issuer:** If a Redemption at the Option of the Issuer is specified as applicable in the Final Terms, the Issuer may, at its option on any Optional Redemption Date and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem the outstanding Notes, in whole or in part, at their Optional Redemption Amount, as provided in Condition 6(i) (*Optional Redemption Amount*) together, if appropriate, with accrued interest to (but excluding) the relevant Optional Redemption Date. Any such redemption must relate to Notes of a nominal amount not less than the Minimum Redemption Amount and nor more than the Maximum Redemption Amount, both as specified in the relevant Final Terms. All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

Any notice given by the Issuer pursuant to this Condition shall be void and of no effect in relation to that Note if, prior to the giving of such notice by the Issuer, the Holder of such Note had already delivered a Put Notice in relation to that Note in accordance with Condition 6(e) (*Redemption at the Option of Noteholders*).

In the case of a partial redemption in respect of Materialised Notes, the notice to Holders of such Materialised Notes and the Coupons shall also contain the number of the Definitive Materialised Notes to be redeemed, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and Regulated Market requirements.

In the case of a partial redemption in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by application of a pool factor (corresponding to a reduction of the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed), subject to compliance with any other applicable laws and Regulated Market requirements or (ii) by redeeming in full some only of such Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article R.213-16 of the French *Code monétaire et financier*, subject to compliance with any other applicable laws and Regulated Market requirements.

So long as the Notes are admitted to trading on a Regulated Market and the rules of, or applicable to, such Regulated Market require, the Issuer shall, each time there has been a partial redemption of the Notes, cause to be published in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and on the website of any other competent authority and/or Regulated Market on which the Notes are admitted to trading, a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes, a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Residual Maturity Call Option:** If a Residual Maturity Call Option is specified as applicable in the relevant Final Terms, the Issuer may, at its option, at any time or from time to time during the period starting on (and including) the Optional Redemption Date specified in the relevant Final Terms and ending on (but excluding) the Maturity Date, and having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the relevant Final Terms) to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*) redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount together, if appropriate, with interest accrued to (but excluding) the date fixed for redemption. All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.
- (e) **Redemption at the Option of Noteholders:** If a Redemption at the Option of the Noteholders is specified as applicable in the Final Terms, the Noteholders may at their option, on the relevant Optional Redemption Date, having given not less than fifteen (15) nor more than thirty (30) calendar days' prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 14 (*Notices*), require the redemption of such Notes.

Before the exercise of a Redemption at the Option of the Noteholders with respect to Notes certain conditions and/or circumstances will need to be satisfied. To exercise such option the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Put Notice**") in the form obtained from any Paying Agent or the Registration Agent, as the case may be, within the notice period.

In the case of Materialised Notes, the Put Notice shall have attached to it such Note(s) (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paying Agent specified in the Put Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

If the Note is a Materialised Note and is held through a Clearing System, to exercise the right to require redemption of the Note, the Noteholder must, within the notice period, give notice to the Fiscal Agent of such exercise in accordance with the standard procedures of the Clearing System (which may include notice being given on his instruction by such Clearing System or any common depository for them to the Fiscal Agent by electronic means) in a form acceptable to such Clearing System from time to time and, if such Note is represented by a Temporary Global Certificate (as prescribed in the Agency Agreement), at the same time present or procure the presentation of such Temporary Global Certificate to the Fiscal Agent for notation accordingly.

Notwithstanding the foregoing, the right to require redemption of such Notes in accordance with this Condition must be exercised in accordance with the rules and procedures of the Clearing System and if there is any inconsistency between the above and the rules and procedures of the relevant Clearing System, then the rules and procedures of the relevant Clearing System shall prevail.

For the purposes of this Condition, "**Clearing System**" shall mean Euroclear France, Euroclear, Clearstream and/or any other clearing system or institution through which the Senior Preferred Notes are held for the time being and such shall include (where appropriate) any relevant central securities depository relating thereto.

Any Put Notice given by a Noteholder pursuant to this paragraph shall be:

- (A) irrevocable except where prior to the Optional Redemption Date an Event of Default (if any) has occurred and is continuing in which event such Holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this paragraph and instead to declare such Note forthwith due and payable pursuant to Condition 9 (*Events of Default*); and
 - (B) void and of no effect in relation to such Note if, prior to the giving of such Put Notice by the relevant Noteholder: (i) the Issuer had notified the Noteholders and the Couponholders of its intention to effect a partial redemption of the Notes in a Series and such Note had been selected for redemption (including, without limitation, pursuant to the partial reduction in the nominal amount of all Notes in a Series or the redemption in full of some only of the Notes in a Series), or (ii) the Issuer had notified the Noteholders of its intention to redeem all of the Notes in a Series then outstanding, in each case pursuant to Condition 6(b) (*Make-Whole Call Option*), Condition 6(c) (*Redemption at the Option of the Issuer*), Condition 6(d), (*Residual Maturity Call Option*) or Condition 6(f) (*Clean Up Call Option*).
- (f) **Clean-Up Call Option:** If a Clean-Up Call Option is specified as applicable in the relevant Final Terms and if at least 75 per cent. or any higher percentage specified in the Final Terms (the “**Clean-up Percentage**”) of the initial aggregate nominal amount of the Notes of the same Series (which for the avoidance of doubt includes, any additional Notes issued subsequently and forming a single series with the first Tranche of a particular Series of Notes) have been redeemed or purchased by, or on behalf of, the Issuer or any of its subsidiaries and, in each case, cancelled, the Issuer may at any time, at its option and having given not less than fifteen (15) nor more than thirty (30) calendar days’ prior irrevocable notice (or such other notice period as may be specified in the Final Terms), to the Issuer in accordance with Condition 14 (*Notices*) to the Fiscal Agent, the Noteholders and the Couponholders redeem the outstanding Notes, in whole but not in part, at their Optional Redemption Amount, as provided in Condition 5(i) (*Optional Redemption Amount*) together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption).

All Notes in respect of which any such notice is given shall be redeemed on the date specified in such notice in accordance with this Condition.

(g) **Redemption for Taxation Reasons**

- (i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the date on which agreement is reached to issue the first Tranche of the Notes, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8(b) (*Additional Amounts*) below, the Issuer may, at its option, on any Interest Payment Date (if this Note is not a Floating Rate Note) or, at any time (if this Note is not a Floating Rate Note), subject to having given not more than sixty (60) nor less than thirty (30) calendar days’ prior irrevocable notice to the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8(b) (*Additional Amounts*) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven (7) calendar days' prior irrevocable notice to the Noteholders and the Couponholders in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together, if appropriate, with any interest accrued to (but excluding) the date fixed for redemption on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders and the Couponholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) fourteen (14) calendar days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Final Terms, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Coupons or, if that date is passed, as soon as practicable thereafter.

(h) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the date on which agreement is reached to issue the first Tranche of the Notes, it will become unlawful for the Issuer to perform or comply with any of its obligations under the Notes, the Issuer will, subject to having given not more than forty-five (45) nor less than thirty (30) calendar days' prior irrevocable notice to the Fiscal Agent, the Noteholders and the Couponholders, in accordance with Condition 14 (*Notices*), redeem all, but not some only, of the outstanding Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption.

(i) **Optional Redemption Amount**

(i) in the case of Notes (other than Zero Coupon Notes), at the amount specified in, or determined in the manner specified in, the Final Terms or, if no such amount or manner is so specified in the Final Terms, at their nominal amount; or

(k) **Late Payment on Zero Coupon Notes**

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note, pursuant to this Condition or upon its becoming due and repayable as provided in Condition 9 (*Events of default*), as the case may be, is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in Condition 3(d) (*Zero Coupon Notes*) up to (but excluding) the date on which all amounts due in respect of such Note have been paid.

- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10 (*Prescription*)).
- (ii) Upon the due date for redemption of any such Materialised Bearer Note comprising a Floating Rate Note, unexpired Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.

- (v) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.

- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10 (*Prescription*)), provided that, in respect of Notes listed and admitted to trading on Euronext Paris, such exchange shall always take place at the specified office of the Fiscal Agent or of the Paying Agent, as a case may be, in Paris.

In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.
- (i) **Payment of U.S. Dollar Equivalent:** Notwithstanding any other provision in these Terms and Conditions, if an Inconvertibility, Non-Transferability or Illiquidity occurs and, as such, the Issuer is not able or it would be impracticable for it, after confirmation of such unavailability by a Renminbi Dealer, to satisfy payments of principal or interest (in whole or in part) in respect of RMB Notes, the Issuer on giving not less than five (5) nor more than thirty (30) calendar days irrevocable notice to the Noteholders prior to the due date for payment, may settle any such payment (in whole or in part) in U.S. dollars on the due date at the U.S. Dollar Equivalent of any such Renminbi denominated amount.

In such event, payments of the U.S. Dollar Equivalent of the relevant principal or interest in respect of the Notes shall be made by transfer to the U.S. dollar account of the relevant Account Holders for the benefit of the Noteholders. For the avoidance of doubt, no such payment of the U.S. Dollar Equivalent shall by itself constitute a default in payment within the meaning of Condition 9 (*Events of Default*).

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 7(i) by the RMB Rate Calculation Agent, will (in the absence of manifest error) be binding on the Issuer, the Agents and all Noteholders.

- (iii) **Non-cooperative State or territory:** when such withholding or deduction is required to be made by reason of that interest or Coupon being (x) paid to an account held in, or (y) paid or accrued to a person established or domiciled in, a non-cooperative State or territory (*Etat ou territoire non coopératif*) as defined in Article 238-0 A of the French *Code général des impôts* (other than those mentioned in Article 238-0 A, 2 *bis*, 2° of the same code) for the purposes of Articles 125 A III, and 119 *bis*, 2 of the same code, and as defined in Article 238-0 A of the French *Code général des impôts* (including those mentioned in Article 238-0 A, 2 *bis*, 2° of the same code) for the purposes of Article 238 A of the same code.

10. **Prescription**

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in case of interest) from the appropriate Relevant Date in respect of them.

11. **Meeting and voting provisions**

In respect of meetings of, and votings by, the Noteholders, the following definitions shall apply:

 - (B) references to “**Notes**” and “**Noteholders**” are only to the Notes of the Series in respect of which a General Meeting has been, or is to be, called, and to the Notes of the Series in respect of which a Written Resolution has been, or is to be sought, and to the holders of those Notes, respectively;
 - (C) “**outstanding**” has the meaning ascribed to it in Condition 5 (*Interest and other Calculations*);

References to a Written Resolution include, unless the context otherwise requires, a resolution approved by Electronic Consent.
 - (G) For the purposes of calculating a period of **clear days**, no account shall be taken of the day on which a period commences or the day on which a period ends.
- (a) **No Masse**

If the Final Terms specify “No Masse”, the following meeting and voting provisions shall apply:

(i) *General*

Pursuant to Article L. 213-6-3 I of the French *Code monétaire et financier*:

- (a) the Noteholders shall not be grouped in a *masse* having separate legal personality and acting in part through a representative of the noteholders (*représentant de la masse*) and through general meetings; however,
- (b) Articles L. 228-46-1, L. 228-57, L. 228-58, L. 228-59, L. 228-60, L. 228-60-1, L. 228-61 (with the exception of the first paragraph thereof), L. 228-65 (with the exception of

(ii) *General Meetings*

A General Meeting may be held at any time, on convocation by the Issuer. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer a demand for convocation of the General Meeting. If such General Meeting has not been convened within two (2) months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place and agenda of any General Meeting will be published as provided under Condition 14 (*Notices*) not less than fifteen (15) days prior to the date of such General Meeting. Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence or by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders.

Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

For the avoidance of doubt, the General Meeting may appoint a nominee to file a proof of claim in the name of all Noteholders in the event of judicial reorganisation procedure or judicial liquidation of the Issuer. Failing such appointment of a nominee, the judicial representative (*mandataire judiciaire*), at its own initiative or at the request of any Noteholder will ask the court to appoint a representative of the Noteholders who will file the proof of Noteholders’ claim.

(iii) *Powers of the General Meetings*

The General Meeting may act with respect to any matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes.

For the avoidance of doubt, each Noteholder is entitled to bring a legal action against the Issuer for the defence of its own interests; such a legal action does not require the authorisation of the General Meeting.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the

General Meeting may not increase the liabilities (*charges*) of the Noteholders, nor establish any unequal treatment between the Noteholders, nor to decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least one fifth of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each Noteholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second (2nd) business day in Paris preceding the date set for the relevant General Meeting.

The Noteholders present at a General Meeting shall choose one of their member to be chairman (the “**Chairman**”) by a simple majority of votes present or represented at such General Meeting (notwithstanding the absence of a quorum at the time of such vote). If the Noteholders fail to designate a Chairman, the Noteholder holding or representing the highest number of Notes and present at such meeting shall be appointed Chairman, failing which the Issuer may appoint a Chairman. The Chairman of an adjourned meeting need not be the same person as the Chairman of the original meeting from which the adjournment took place.

(vi) *Written Resolution and Electronic Consent*

- (A) Pursuant to Article L. 228-46-1 of the French *Code de commerce*, in respect of any Series of Dematerialised Notes only, the Issuer shall be entitled, in lieu of convening a General Meeting, to seek approval of a resolution from the Noteholders by way of a Written Resolution. Subject to the following sentence a Written Resolution may be contained in one document or in several documents in like form, each signed by or on behalf of one or more of the Noteholders. Pursuant to Articles L. 228-46-1 and R. 225-97 of the French *Code de commerce* approval of a Written Resolution may also be given by way of electronic communication allowing the identification of Noteholders (“**Electronic Consent**”).
- (B) Notice seeking the approval of a Written Resolution (including by way of Electronic Consent) will be published as provided under Condition 14 (*Notices*) not less than 15 days prior to the date fixed for the passing of such Written Resolution (the “**Written Resolution Date**”). Notices seeking the approval of a Written Resolution will contain the conditions of form and time-limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Resolution. Noteholders expressing their approval or rejection before the Written Resolution Date will undertake not to dispose of their Notes until after the Written Resolution Date.

(viii) *Effect of Resolutions*

A Resolution passed at a General Meeting, and a Written Resolution or an Electronic Consent, shall be binding on all Noteholders, whether or not present at the General Meeting and whether or not, in the case of a Written Resolution or an Electronic Consent, they have participated in such Written Resolution or Electronic Consent and each of them shall be bound to give effect to the Resolution accordingly.

(ix) Information to Noteholders

Each Noteholder will have the right, during the 15-day period preceding the holding of each General Meeting and Written Resolution Date, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or the Written Resolution.

(x) Expenses

The Issuer will pay all expenses relating to the calling and holding of General Meetings and seeking of a Written Resolution and, more generally, all administrative expenses resolved upon by the General Meeting or in writing by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(xi) Exclusion of the provisions of Article L.228-65 I. 1°, 3° and 4° of the French Code de commerce in certain circumstances

The provisions of Article L.228-65 I. 1° of the French *Code de commerce*, providing for a prior approval of the Noteholders in relation to any change in the Issuer's corporate purpose or status, shall not apply to the Notes.

The provisions of Article L.228-65 I. 3° of the French *Code de commerce*, providing for a prior approval of the Noteholders in relation to any proposal to merge or demerge the Issuer in the cases referred to in Articles L. 236-13 and L. 236-18 of the French Code de commerce, shall not apply to the Notes.

The provisions of Article L.228-65 I. 4° of the French *Code de commerce*, providing for a prior approval of the Noteholders in relation to an issue of bonds benefiting from a security (*sûreté réelle*)

(b) Contractual Masse

If the Final Terms specify "Contractual Masse", the Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the "Masse").

The Masse will be governed by the provisions of the French *Code de commerce* with the exception of Article L.228-48, Article L.228-65, I, 1°, 3° and 4°, the second sentence of the first paragraph of Article L.228-71 and Articles R.228-61, R.228-63, R.228-69, R.228-79 and R.236-11, and subject to the following provisions:

(i) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”).

(ii) Representative of the Masse

Pursuant to Article L.228-51 of the French *Code de commerce*, the names and addresses of the initial Representative and its alternate will be set out in the Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series. The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the Final Terms.

In the event of death, liquidation, retirement, dissolution or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, liquidation, retirement, dissolution or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(iii) General Meetings

In accordance with Article R. 228-71 of the French *Code de commerce*, the right of each holder of a Dematerialised Note to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Noteholder as of 0:00, Paris time, on the second business day in Paris preceding the date set for the meeting of the relevant General Meeting.

In accordance with Articles L.228-59 and R.228-67 of the French Code de commerce, notice of date, hour, place and agenda of any General Meeting will be given in accordance with Condition 14 (*Notices*) not less than fifteen (15) calendar days prior to the date of such General Meeting on first convocation, and five (5) calendar days on second convocation.

Each Noteholder has the right to participate in a General Meeting in person, by proxy, by correspondence and, in accordance with Article L.228-61 of the French *Code de commerce*, in the case of Dematerialised Notes only, by videoconference or by any other means of telecommunication allowing the identification of participating Noteholders, as provided mutatis mutandis by Article R.225-97 of the French *Code de commerce* (upon referral of Article R.228-68 of the French *Code de commerce*).

(iv) Written Resolutions and Electronic Consent

Condition 12(i)(vii) (*Written Resolutions and Electronic Consent*) is deemed to be reproduced here.

(c) Information to Noteholders

Each Noteholder or (if there is one) the Representative thereof will have the right, during the fifteen (15) calendar day period preceding the day of each General Meeting, and, in the case of an adjourned General Meeting or a Written Resolution, the five (5) calendar days period preceding the holding of such General Meeting or the Written Resolution Date, as the case may be, to consult or make a copy of the text of the Resolutions which will be proposed and of the reports prepared in connection with such Resolutions, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents and at any other place specified in the notice of the General Meeting or Written Resolution.

(d) **Expenses**

The Issuer will pay all expenses relating to the operation of the Masse, the calling and holding of General Meetings and seeking of a Written Resolution and, more generally, all administrative expenses resolved upon by the General Meeting or in writing by the Noteholders, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(e) **Single Masse**

Whether the Final Terms specify “Contractual *Masse*”, the holders of Notes of the same Series, and the holders of Notes of any other Series which have been consolidated (*assimilées* for the purposes of French law) with the Notes of such first mentioned Series in accordance with Condition 13 (*Further Issues and Consolidation*), shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes issued will be the Representative of the single Masse of all such Series.

(f) **One Noteholder**

Whether the Final Terms specify “Contractual *Masse*”, if and for so long as the Notes of any Series are held by a single Noteholder, the provisions of this Condition will not apply. Such sole Noteholder shall hold a register of the decisions it will have taken in this capacity, shall provide copies of such decisions to the Issuer and shall make them available, upon request, to any subsequent holder of all or part of the Notes of such Series.

(g) **Miscellaneous**

In accordance with Article L.213-6-3 V of the French *Code monétaire et financier*, the Issuer has the right to amend the Terms and Conditions, without having to obtain the prior approval of the Noteholders, in order to correct a mistake which is of a formal, minor or technical nature.

12. **Replacement of definitive Notes, Coupons and Talons**

If, in the case of any Materialised Bearer Notes, a Definitive Materialised Bearer Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced, subject to applicable laws, regulations and Regulated Market regulations, at the specified office of the Fiscal Agent or such other Paying Agent as may from time to time be designated by the Issuer for the purpose and notice of whose designation is given to Noteholders, in each case on payment by the claimant of the fees and costs incurred in connection therewith and on such terms as to evidence, security and indemnity (which may provide, *inter alia*, that if the allegedly lost, stolen or destroyed Definitive Materialised Bearer Note, Coupon or Talon is subsequently presented for payment or, as the case may be, for exchange for further Coupons, there shall be paid to the Issuer on demand the amount payable by the Issuer in respect of such Definitive Materialised Bearer Notes, Coupons or further Coupons) and otherwise as the Issuer may require. Mutilated or defaced Materialised Bearer Notes, Coupons or Talons must be surrendered before replacements will be issued.

13. **Further Issues and Consolidation**

(a) **Further Issues:** The Issuer may from time to time without the consent of the Noteholders or Couponholders create and issue further notes to be assimilated (*assimilables*) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the nominal amount thereof and the first payment of interest in the relevant Final Terms) and that the terms of such further notes provide for such assimilation and references in these Terms and Conditions to “Notes” shall be construed accordingly.

(b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date

occurring on or after the Redenomination Date on giving not less than 30 calendar days' prior notice to the Noteholders in accordance with Condition 14 (*Notices*), without the consent of the Noteholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

14. Notices

- (a) Notices to the Holders of Dematerialised Notes in registered form (*au nominatif*) shall be valid if either, (i) they are mailed to them at their respective addresses, in which case they will be deemed to have been given on the fourth weekday (being a day other than a Saturday or a Sunday) after the mailing, or (ii) at the option of the Issuer, they are published (a) so long as such Notes are listed and admitted to trading on Euronext Paris, (x) in a leading daily newspaper of general circulation in France (which is expected to be *Les Echos*), or (y) in a leading daily newspaper of general circulation in Europe or (z) in accordance with Articles 221-3 and 221-4 of the General Regulation (*Règlement Général*) of the *Autorité des marchés financiers* and (b) so long as such Notes are listed and admitted to trading on any Regulated Market and, to the extent applicable, laws or regulations or the rules of such Regulated Market so require (x) in a leading daily newspaper with general circulation in the city where the Regulated Market on which such Notes are listed and admitted to trading is located and/or (y) on the website of any other competent authority or Regulated Market of the EEA Member State where the Notes are listed and admitted to trading.

15. Governing Law and Jurisdiction

- (a) **Governing Law:** The Notes (and, where applicable, the Coupons and the Talons) and any non-contractual obligations arising out of or in connection with the Notes (and, where applicable,

the Coupons and the Talons) are governed by, and shall be construed in accordance with, French law.

TEMPORARY GLOBAL CERTIFICATES ISSUED IN RESPECT OF MATERIALIZED BEARER NOTES

Temporary Global Certificates

A Temporary Global Certificate, without interest Coupons, will initially be issued in connection with Materialised Bearer Notes. Upon the initial deposit of such Temporary Global Certificate with a common depositary for Euroclear and Clearstream (the "**Common Depositary**"), Euroclear or Clearstream will credit the accounts of each subscriber with a nominal amount of Notes equal to the nominal amount thereof for which it has subscribed and paid.

The Common Depositary may also credit with a nominal amount of Notes the accounts of subscribers with (if indicated in the relevant Final Terms) other clearing systems through direct or indirect accounts with Euroclear and Clearstream held by such other clearing systems. Conversely, a nominal amount of Notes that is initially deposited with any other clearing system may similarly be credited to the accounts of subscribers with Euroclear, Clearstream or other clearing systems.

Exchange

Each Temporary Global Certificate issued in respect of Notes will be exchangeable, free of charge to the holder, on or after its Exchange Date (as defined below):

- (i) if the relevant Final Terms indicates that such Temporary Global Certificate is issued in compliance with the C Rules or in a transaction to which TEFRA is not applicable (as to which, see "General Description of the Programme — Selling Restrictions"), in whole, but not in part, for the Definitive Materialised Bearer Notes; and
- (ii) otherwise, in whole but not in part upon certification as to non-U.S. beneficial ownership (a form of which shall be available at the specified offices of any of the Paying Agents) for Definitive Materialised Bearer Notes.

Delivery of Definitive Materialised Bearer Notes

On or after its Exchange Date, the holder of a Temporary Global Certificate may surrender such Temporary Global Certificate to or to the order of the Fiscal Agent. In exchange for any Temporary Global Certificate, the Issuer will deliver, or procure the delivery of, an equal aggregate nominal amount of duly executed and authenticated Definitive Materialised Bearer Notes. In this Base Prospectus, "**Definitive Materialised Bearer Notes**" means, in relation to any Temporary Global Certificate, the Definitive Materialised Bearer Notes for which such Temporary Global Certificate may be exchanged (if appropriate, having attached to them all Coupons in respect of interest that have not already been paid on the Temporary Global Certificate and a Talon). Definitive Materialised Bearer Notes will be security printed in accordance with any applicable legal and Regulated Market requirements. Forms of such Definitive Bearer Materialised Notes shall be available at the specified offices of any of the Paying Agent(s).

Exchange Date

"**Exchange Date**" means, in relation to a Temporary Global Certificate, the day falling after the expiry of 40 calendar days after its issue date, provided that, in the event any further Materialised Notes are issued prior to such day pursuant to Condition 14(a), the Exchange Date for such Temporary Global Certificate shall be postponed to the day falling after the expiry of 40 calendar days after the issue of such further Materialised Notes.

USE OF PROCEEDS

The net proceeds of the issue of the Notes will be applied by the Issuer either:

- for the Issuer's general corporate purposes; or
- as stated in the relevant Final Terms, in respect of any particular issue of Notes for which there is a particular identified use of proceeds; or
- as stated in the relevant Final Terms, in respect of the issue of "green and positive impact" Notes (the "**Green and Positive Impact Notes**"), an amount equivalent to the net proceeds will be applied exclusively for the financing or refinancing of eligible vehicles (such projects the "**Eligible vehicles**"), that contribute to the development of clean transportation and the transition to a low carbon future in accordance with the eligibility criteria set out in the green and positive impact bonds framework, as amended and supplemented from time to time (the "**Framework**") which is available on the website of the Issuer:

<https://www.aldautomotive.com/LinkClick.aspx?fileticket=PC0PfZav3Hg%3d&portalid=17&language=en-US×tamp=1654690993215>

The Issuer will apply processes for project evaluation and selection, management of proceeds and reporting consistent with guidelines set out in the Green Bond Principles published by the International Capital Markets Association (the "**ICMA**") and the United Nations Environment Programme Finance Initiative's Principles for Positive Impact Finance (the "**PPIF**"), as they may be further updated.

The Framework describes, in addition to the eligibility criteria, the management of proceeds, the reporting and the external reviews (second party opinion and verification) applicable for the relevant Notes. Any such opinion or certification is not, nor should be deemed to be, a recommendation by the Issuer, the Dealers or any other person to buy, sell or hold any such Notes. As a result, neither the Issuer nor the Dealers will be, or shall be deemed, liable for any issue in connection with its content.

The Issuer has appointed ISS ESG to provide a second party opinion (the "**Second Party Opinion**") on the Framework's environmental and social credentials and its alignment with the ICMA Green Bond Principles, the PPIF and the EU green bond standard (the "**EU GBS**") on a best effort basis.

This Second Party Opinion is available on the Issuer's website (<https://www.aldautomotive.com/investors/information-and-publications/debt-investors>). It may be further updated or expended to reflect evolution in market practices, regulation and in the Issuer's activities.

Any amendment to such Second Party Opinion, or any new Second Party Opinion, to be provided following an amendment to the Framework, the publication of a new framework or in application of any new legislation or regulation, will be made available on the Issuer's website.

The Issuer will publish, on an annual basis and until the maturity of the Green and Positive Impact Notes, a reporting on the allocation of the net proceeds and expected positive impact of the Eligible vehicles. The Issuer will also make public an assurance report provided by its external auditors or any other appointed independent third party.

Neither the Second Party Opinion nor the Framework is incorporated in, and they do not form part of, this Base Prospectus.

Prior to any investment in Notes in which the net proceeds are to be used to finance investments in Eligible vehicles, as further specified in the applicable Final Terms, investors are advised to consult the Framework for further information.

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 31 August 2022 (as amended or supplemented from time to time, the "**Dealer Agreement**") between the Issuer, the Dealer and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealer. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, as determined by the relevant Dealer, at the time of such resale. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers in particular following a change in a relevant law, regulation or directive. Any such modification will be set out in a supplement to this Base Prospectus.

No action has been taken in any jurisdiction that would permit an offer of the Notes to retail investors, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

Neither the Issuer nor any of the Dealers represents that Notes may at any time lawfully be sold in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to any exemption available thereunder, or assumes any responsibility for facilitating such sale.

Each Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree, that it shall comply, to the best of its knowledge and belief after due inquiry, with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and that it will obtain any consent, approval or permission required for the purchase, offer or sale of Notes under the laws and regulations in force in any jurisdiction in which it makes such purchase, offer or sale. None of the Issuer or any other Dealer shall have responsibility therefore.

Each of the Dealers and the Issuer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that Materialised Notes may only be issued outside France.

United States of America

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold, within the United States or to, or for the account or benefit of, U.S. persons, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold only outside of the United States to non-U.S. persons in offshore transactions in reliance on Regulation S. Terms used in this paragraph have the meanings given to them by Regulation S.

Each Dealer has represented and agreed and each further Dealer appointed under the Programme will be required to represent and agree that, except as permitted by the Dealer Agreement, it will not offer or sell or, in the case of Materialised Notes, deliver the Notes of any identifiable Tranche (i) as part of their distribution at any time or (ii) otherwise until forty (40) calendar days after completion of the distribution of the Tranche of which such Notes are a part (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. persons, and it will send to each Dealer to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting out the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of U.S. persons.

In addition, until forty (40) calendar days after the commencement of the offering of any identifiable Tranche of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering of such Tranche) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. [PROHIBITION OF SALES TO EEA RETAIL INVESTORS - The Notes are not intended to be offered, sold or otherwise made available to and, with effect from such date, should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("**EEA**"). For these purposes, a retail investor means a person who is one (or both) of: (i) a retail client as defined in point (11) of Article 4(1) of [Directive 2014/65/EU on markets in financial instruments, as amended or superseded ("**MiFID II**")]/[MiFID II]; or (ii) a customer within the meaning of Directive (EU) 2016/97 on insurance distribution, as amended (the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II. Consequently no key information document required by the PRIIPs Regulation as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.]¹

[MiFID II product governance / Professional investors and eligible counterparties only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines published by European Securities and Markets Authority ("**ESMA**") on 5 February 2018 has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU on markets in financial instruments, as amended ("**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. [*Consider any negative target market.*] Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer['s/s'] target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer['s/s'] target market assessment) and determining appropriate distribution channels.]²

[UK MiFIR product governance / Professional investors and ECPs only target market – Solely for the purposes of [the/each] manufacturer's product approval process, the target market assessment, taking into account the five (5) categories referred to in item 18 of the Guidelines published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexiteer our approach to EU non-legislative materials"), in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No
