ALD Automotive launch leasing options for Teslas in Europe

ALD Automotive, the leading vehicle leasing company in Europe, has launched operational leasing services for corporates and small to medium sized companies for Tesla's electric vehicles in 16 countries* across Europe.

ALD Automotive is Tesla's preferred operational leasing partner in Europe and clients may now benefit from ALD Automotive's full service leasing packages for passenger cars Model 3, Model Y, Model S and Model X. All models benefit from tire change, breakdown assistance, insurance and vehicle registration, as well as maintenance provided through Tesla's locations throughout Europe, as well as mobile service. Vehicles are available with flexible durations and mileage and can be customized directly on Tesla's website. The lease is managed by ALD Automotive for the duration of the contract.

Private individuals also have access to full service leasing services for Tesla's full range of passenger car models in France, Finland, Ireland, the Netherlands and Denmark.

"We are proud to launch this new accessible and flexible leasing offering for Tesla's range of electric vehicles to customers across Europe," confirms John Saffrett, Deputy Chief Executive Officer of ALD. "This contributes to our sustainable growth strategy as a key player in the energy transition, as well as fully supports our commitment to providing innovative mobility solutions."

* Countries: Austria, Belgium, Denmark, Ireland, Italy, Finland, France, Germany, Luxembourg, the Netherlands, Norway, Portugal, Spain, Sweden, Switzerland and the UK
