Role selection

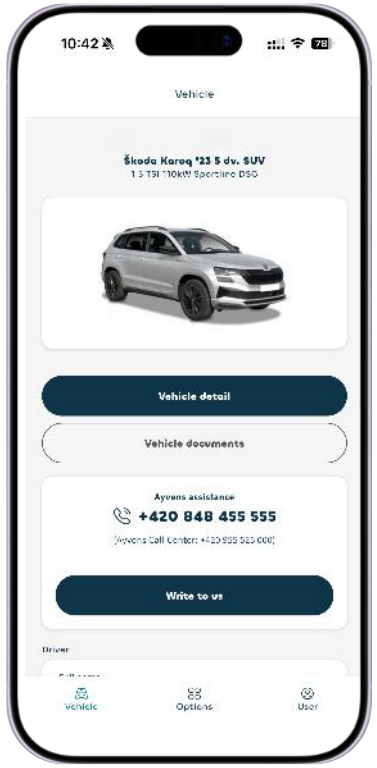

In case you have more than one role assigned to you (in the case of fleet managers), in this step you will choose which one you will now manage.

You can change the role when using the application simply in the application settings.

Basic screen and menu

The app allows you to have all the informations about the vehicle and the available services at hand at all times.

In the bottom menu of the application, you can easily navigate between the individual sections:

- ✓ **Vehicle** – overview of vehicle information and documents
- ✓ **Options** – access to services and features available for your vehicle
- ✓ **User** - Manage user profile and personal settings

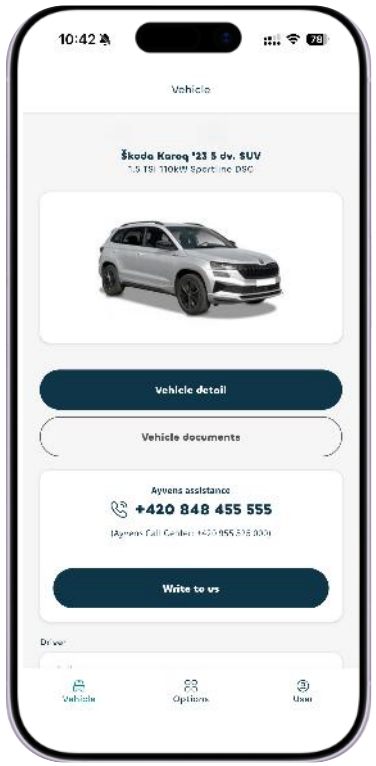

Vehicle

Options

User

Menu

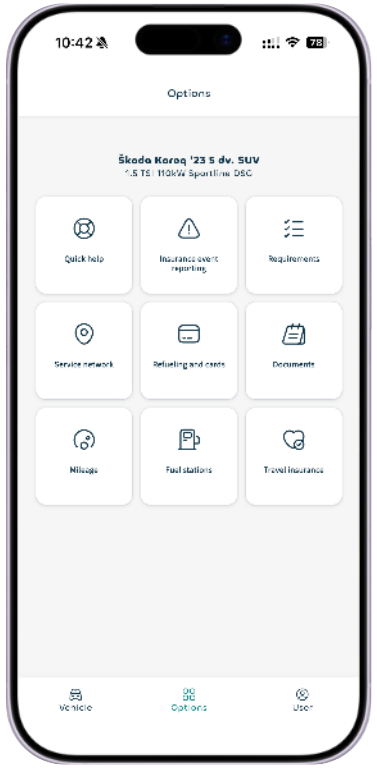

Vehicle – overview of vehicle information and documents
